Maintien Paix Ronald Hatto:

Le maintien de la paix Ronald Hatto, 2015-09-23 Le maintien de la paix inventé par l'ONU des Nations unies pour répondre la crise de Suez en 1956 est né dans l'improvisation et n'a cessé de se développer jusqu'à devenir un outil incontournable de gestion des conflits. Pendant la Guerre froide l'ONU a tenté plusieurs reprises pour tenter de résoudre des conflits qui auraient pu conduire les deux superpuissances à s'affronter directement. À partir de 1989 les casques bleus ont été déployés dans un grand nombre de pays pour accomplir des tâches toujours plus ambitieuses. L'ONU reste pourtant soumise à la volonté de ses États membres qui financent ses activités et fournissent le personnel civil et militaire nécessaire à la conduite des opérations. Cet ouvrage contribue à une meilleure connaissance du maintien de la paix. L'analyse proposée retrace ses origines après 1945 et vise à montrer son utilité comme mécanisme de gestion des conflits armés malgré les nombreuses limitations que lui impose la politique internationale.

Soldiers in Peacemaking Beatrice de Graaf, Frédéric Dessberg, Thomas Vaisset, 2023-08-10 What is the role of a soldier at the end of war when either victory or defeat is inevitable? This book delves into that question exploring how the military and soldiers on the ground have contributed to the transition to peace. With case studies from 1800 to the present day, *Soldiers in Peace making* offers a historical overview of the part military men and women have played in the aftermath of war. From UN peacekeeping in Cambodia to military observers in former Yugoslavia, the post-Cold War US Army and more, the essays in this collection map the strategy, politics and practicalities involved in the transition from war to postwar. Analyzing the legitimacy of each peace and the military's approach to them, the chapters explore how soldiers have engaged with politics and political leaders, interacted with civil populations and called upon their own expertise to enable the peace making process. In exploring the hybrid role of military men and women as diplomats, peacemakers, negotiators and fighters, this book reveals the crucial part they have played as conflicts come to a close.

Introduction à la prévention des conflits internationaux Jean-Luc Martineau, 2017-01-01 Face au danger de la contagion des conflits internationaux, la communauté internationale a fait de l'anticipation des conflits une impérieuse nécessité. Des instruments juridiques, des acteurs, des techniques et des méthodologies sont mobilisés afin de détecter les conflits au plus tôt et d'en prévenir la survenance. Cet ouvrage expose l'ensemble des principes et activités qui en ressortent. Il examine leurs succès et leurs défaillances et plaide pour une véritable culture de la prévention des conflits.

Les constructions de l'action publique Jean-Louis Genard, 2007-01-01 La gestion publique se veut désormais participative : les usagers sont invités à être des citoyens autonomes et responsables. Au-delà des effets de rhétorique, comment prend forme cette action publique ? Cet ouvrage présente une série d'études de cas de différents secteurs en France, en Belgique et en Suisse : prévention du sida, aide sociale, aménagement du territoire, architecture, éducation et culture. Des contributions qui donnent à voir et à penser une action publique en mouvement, avec ses fragilités, ses ouvertures mais aussi ses limites.
