

ENGINE OIL LEVEL: topping up/filling (1/2)

Topping up/filling

The vehicle must be parked on level ground and the engine should be cold (for instance, before the engine is started up for the first time in the day).

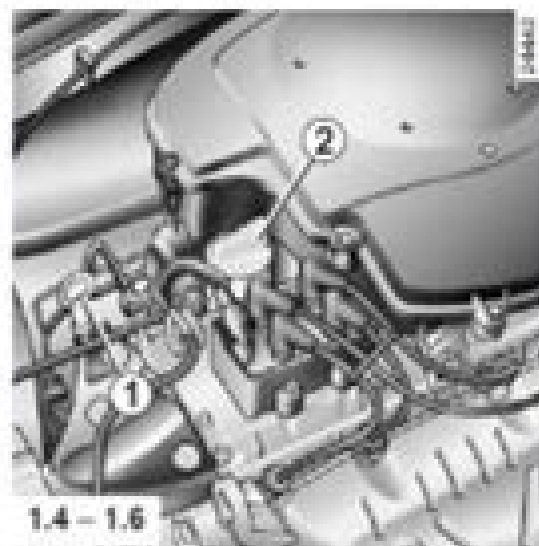

Engine oil grade

Refer to the Maintenance Service Booklet for your vehicle.

When working in the engine compartment, ensure that the windscreen wiper stalk is in the park position.

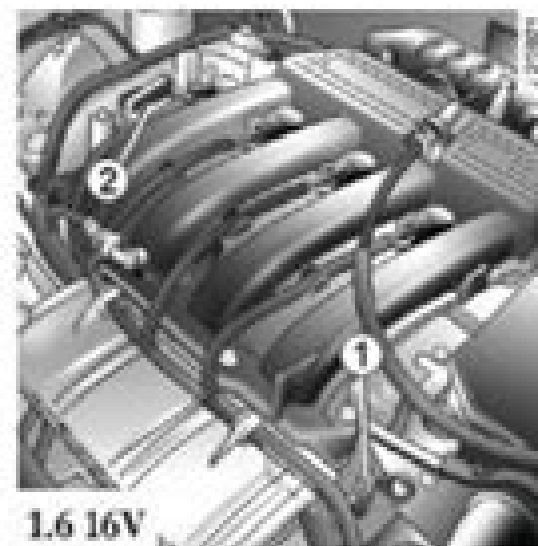

Risk of injury.

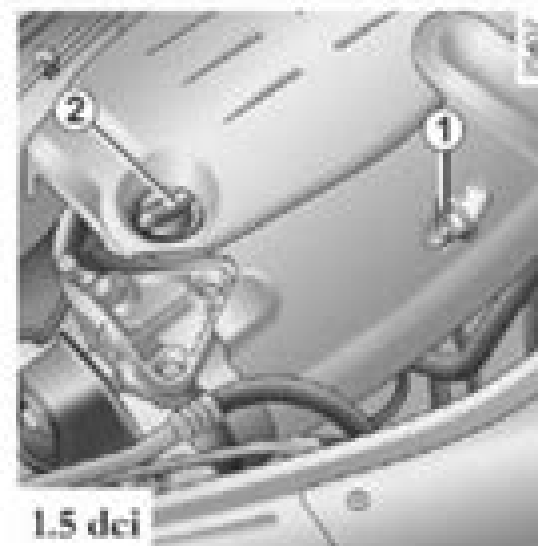

- Unscrew cap 2;
- top up the level (as a guide, the capacity between the minimum and maximum reading on dipstick 1 is between 1.5 and 2 litres, depending on the engine);
- wait approximately 10 minutes to allow the oil to flow into the engine;
- check the level using dipstick 1 (as described above).

Once the level has been read, push the dipstick in as far as it will go.

Do not exceed the **MAX** level and do not forget to refit dipstick 1 and cap 2.
