MacAulay, 2021-09-09 Meet Simon Haines For a decade he s been chasing his dream partnership at the legendary family run

law firm of Fiennes Plunkett The gruelling hours and manic intensity of his job have come close to breaking him but he has made it through the years and is now within a whisker of his millions in less than two weeks he will know the outcome of the partnership vote He decides to spend the wait in Cuba in an attempt to rediscover his youthful enthusiasm and curiosity and to clear his mind before the arrival of the news that might change his life forever But alone in Havana he becomes lost in nostalgia and begins to relive his past Set against the backdrop of an uncertain world and charged with emotion Being Simon Haines is a searching story about contemporary London and aspiration values and love Painting a picture of a generation of young professionals it asks the most universal of questions are we strong enough to know who we are *Get Organized Digitally!* Frank Buck,2021-12-28 In today s world we re often overwhelmed by our digital devices and the volume of available digital information Get Organized Digitally outlines a complete digital organizational system for the busy educator and helps you harness the power of technology to save time This book is your go to source presenting the nuts and bolts of exactly how to make technology work for you in both your personal and professional life Special features of Get Organized Digitally Details of how to get started with the best digital organizational tools available today Principles of digital organization that make all the components of your system work together Stories that inspire and show how technology can make our lives easier Time is the most precious resource we have managing it well leads to greater productivity and less stress Get Organized Digitally shows educators how to harness the power of technology to spend time on what matters most your school and your students Wireless Communications Security Jyrki T. J. Penttinen,2016-10-18 Dieses Buch beschreibt die heutigen und die zukünftig wahrscheinlichsten Sicherheitslücken für die drahtlose Kommunikation Der Schwerpunkt liegt auf der technischen Erläuterung bestehender Systeme und neuer Trends wie Internet der Dinge IoT Diskutiert werden ebenfalls heutige und potenzielle Sicherheitsbedrohungen Verfahren für den Schutz von Systemen Betreibern und Endanwendern Arten von Angriffen auf Sicherheitssysteme und neue Gefahren in dem sich ständig entwickelnden Internet werden vorgestellt Das Buch ist ein Praktikerbuch das die Entwicklung drahtloser Kommunikationsumgebungen erläutert und zeigt wie neue Funktionen nahtlos integriert und mögliche Risiken im Hinblick auf die Netzwerksicherheit minimiert werden können **The Computable City** Michael Batty,2024-03-26 How computers simulate cities and how they are also being embedded in cities changing our behavior and the way in which cities evolve At every stage in the history of computers and communications it is safe to say we have been unable to predict what happens next When computers first appeared nearly seventy five years ago primitive computer models were used to help understand and plan cities but as computers became faster smaller more powerful and ever more ubiquitous cities themselves began to embrace them As a result the smart city emerged In The Computable City Michael Batty investigates the circularity of this peculiar evolution how computers and communications changed the very nature of our city models which in turn are used to simulate systems composed of those same computers Batty first charts the origins of computers and examines how our computational urban models have

developed and how they have been enriched by computer graphics He then explores the sequence of digital revolutions and how they are converging focusing on continual changes in new technologies as well as the twenty first century surge in social media platform economies and the planning of the smart city He concludes by revisiting the digital transformation as it continues to confound us with the understanding that the city now a high frequency twenty four hour version of itself changes our understanding of what is possible
