Trastornos psicológicos y neuropsicológicos en la infancia y la adolescencia Juan Carlos Arango Lasprilla, Ivonne Romero García, Nohelia Hewitt Ramírez, 2018-01-01 En la actualidad existen pocos libros y materiales de referencia profesional desarrollados en español sobre los trastornos psicológicos y neuropsicológicos de mayor prevalencia entre los niños y adolescentes. Se necesitan de obras que resalten la importancia del acercamiento psicológico y neuropsicológico en la provisión de servicios integrados de evaluación e intervención. Por tal motivo es prioridad contar con textos que puedan orientar a los clínicos en torno a las intervenciones científicamente avaladas dirigidas a los afectados por trastornos emocionales y conductuales al igual que aquellos con ciertas condiciones de salud y del neurodesarrollo. Trastornos psicológicos y neuropsicológicos en la infancia y la adolescencia ha sido diseñado para estudiantes, docentes, supervisores clínicos y profesionales de diversas disciplinas como psicología, medicina, terapia ocupacional, física y del habla, lenguaje así como otras que se ocupan de la evaluación, diagnóstico y la intervención de niños y adolescentes con diversas condiciones. Cada uno de los capítulos que componen este libro hace énfasis en la relación cerebro-conducta presente en diversos trastornos médicos, emocionales, conductuales y del neurodesarrollo y en las mejores prácticas para llevar a cabo su evaluación clínica y planificación del tratamiento basado en la evidencia científica. El libro está dividido en tres partes. La primera aborda distintos trastornos médicos frecuentes en la infancia y la adolescencia. La segunda sección está dedicada a los trastornos emocionales y conductuales y finalmente aborda los trastornos del neurodesarrollo.

Imagina al Dios del Cielo John Burke, 2024-05-07 Millones de personas alrededor del mundo han reportado experiencias cercanas a la muerte. Prueban tales descripciones la existencia de un Dios amoroso. Jamás en la historia habíamos tenido acceso a tantas historias de personas alrededor del mundo que han sobrevivido la muerte clínica. La resucitación médica moderna y la comunicación digital han revelado una mina de oro de intrigantes experiencias cercanas a la muerte ECM. Por tres décadas John Burke se ha dedicado a estudiar quiénes tienen en común más de mil ECM. Él comenzó su investigación como un agnóstico escéptico cuando su propio padre estaba muriendo de cáncer. Al leer por primera vez estas anécdotas de testigos oculares no pudo evitar preguntarse: ¿Podría ser evidencia real, incluso prueba de la existencia de Dios? En este libro se presentan las historias de más de setenta personas que provienen de cada continente y han muerto, resucitado y afirmado estar más vivas que nunca en la presencia de un Dios amoroso que no querían dejar atrás jamás. Gente de toda etnicidad, trasfondo de fe y profesión incluyendo doctores, ingenieros y jefes ejecutivos experimenta al mismo Dios. John Burke revela la historia de amor y las características de este Dios de todas las naciones revelado a lo largo de las Escrituras, quien ahora es ilustrado por estos emocionantes encuentros. Te darás cuenta de que el amor, el poder, la compasión, la amistad y la guía de Dios están más cerca de lo que te podrías imaginar. Y para un momento como este, las personas necesitan saber que un Dios amoroso está a su alcance. Millions of people around the world have reported a near death experience. Do these

accounts prove the existence of a loving God Never in history until now have we been able to hear from so many people around the world who have been brought back from clinical death Modern medical resuscitation and digital communication have revealed a gold mine of intriguing near death experiences NDEs John Burke has spent the last three decades studying the commonalities of more than one thousand NDEs He started his investigative journey as a skeptical agnostic when his own father was dying from cancer After he first read these eyewitness accounts he couldn't help asking himself Could this be real evidence even possible proof of God's existence In this book you will hear from nearly seventy people from every continent who have died resuscitated and claimed to be more alive than ever in the presence of a loving God they never wanted to leave People of all ethnicities faith backgrounds and professions including doctors engineers and CEOs experience the same God John Burke unveils the love story and characteristics of this God of all nations revealed throughout history in Scripture now illustrated by these thrilling encounters You will realize that God's love power compassion friendship and guidance are closer than you could ever imagine And for such a time as this people need to know that a loving God is within their reach
