Globalization and Health Inequities in Latin America Ligia Malagón de Salazar, Roberto Carlos Luján Villar, 2018-04-16 This book critically analyses the influence of international policies and guidelines on the performance of interventions aimed at reducing health inequities in Latin America with special emphasis on health promotion and health in all policies strategies While the implementation of these interventions plays a key role in strengthening these countries capacity to respond to current and future challenges the urgency and pressures of cooperation and funding agencies to show results consistent with their own agendas not only hampers this goal but also makes the territory invisible hiding the real problems faced by most Latin American countries diminishing the richness of local knowledge production and hindering the development of relevant proposals that consider the territory's conditions and cultural identity Departing from this general analysis the authors search for answers to the following questions Why despite the importance of the theoretical advances regarding actions to address social and health inequities haven't Latin American countries been able to produce the expected results Why do successful initiatives only take place within the framework of pilot projects Why does the ideology of health promotion and health in all policies mainly permeate structures of the health sector but not other sectors Why are intersectoral actions conjunctural initiatives which often fail to evolve into permanent practices Based on an extensive literature review case studies personal experiences and interviews with key informants in the region Globalization and Health Inequities in Latin America presents a strategy that uses monitoring and evaluation practices for enhancing the capacity of Latin American and other low and middle income countries to implement sustainable processes to foster inclusiveness equity social justice and human rights p pp

Understanding Tuberculosis and its Control Helen Macdonald, Ian Harper, 2019-09-04 Over the last two decades attempts to control the problem of tuberculosis have become increasingly more complex as countries adopt and adapt to evolving global TB strategies Significant funding has also increased apace diagnostic possibilities have evolved and greater attention is being paid to developing broader health systems Against this background this book examines tuberculosis control through an anthropological lens Drawing on ethnographic case studies from China India Nepal South Africa Romania Brazil Ghana and France the volume considers the relationship between global and national policies and their unintended effects the emergence and impact of introducing new diagnostics the reliance on and use of statistical numbers for representing tuberculosis and the politics of this the impact of the disease on health workers as well as patients the rise of drug resistant forms and issues of attempted control Together the examples showcase the value of an anthropological understanding to

demonstrate the broader bio political and social dimensions of tuberculosis and attempts to deal with it Unchaining Nations, Freeing People Pedro Henrique L. do Nascimento, Pedro Henrique Dias Alves Bernardes, Rodrigo Guerra Bergmann, 2014-08-01 Unchaining Nations Freeing People The development challenges of the contemporary world is composed of seven chapters with a common theme the analysis of vicious cycles that hampers the fully development of nations Each one of the articles approaches a topic of the current international political agenda including civil conflicts in Sub Saharan Africa and the case of the Central African Republic religious sectarianism and violence in Syria the corruption drug trafficking nexus press freedom middle income countries challenges on development the relation between gender and health access and the legal and social issues between state secularism and religious freedom *O SUS em que eu acredito* Robenia Ribeiro, 2022-11-21 Historicamente os processos de forma o em sa de t m sido focados sobretudo em uma concep o biologicista e hospitaloc ntrica H a necessidade de se redefinir o papel da forma o no sentido de se buscar uma amplia o do cuidado em sa de da humaniza o e do fortalecimento do v nculo com a popula o O SUS que eu acredito um livro original e interessante prende a aten o do leitor do come o ao fim e escapa do ramerr o comum em escritos sobre o Sistema nico de Sa de SUS em uma an lise que narra uma experi ncia sobre a forma o para profissionais da Aten o Prim ria Sa de O presente livro dividido em quatro cap tulos o primeiro discorre sobre os atravessamentos e transversalidades encontrados durante o processo de forma o atrelados s institui es de sa de gest o local e institui o educacional o segundo cap tulo observa como as equipes de Sa de da Fam lia passaram a reconhecer o territ rio o terceiro trata da percep o das rela es de poder que se encontravam institu das e da possibilidade de cogest o por fim o quarto cap tulo defende a import ncia e o reflexo que foram poss veis pela reorganiza o dos processos de trabalho institu dos E assim aprender estrat gias para enfrentar a burocratiza o e aliena o no SUS atrav s de formas democr ticas e solid rias para se relacionar e trabalhar com seres humanos **Saúde coletiva e promoção da saúde** Sérgio Resende Carvalho, 2005 Este livro analisa os Movimentos da Sa de Coletiva no Brasil e de Promo o da Sa de no Canad Ao comparar as distintas abordagens o estudo detecta coincid ncias em rela o afirma o da import ncia do social na determina o do processo sa de doen a e discord ncias em rela o ao significado do social Aponta igualmente diferen as significativas em rela o ao l cus de prioriza o das a es em sa de e ao seu posicionamento em rela o mudan a do statu quo e produ o do sujeito Conclui preconizando que o modelo da Sa de Coletiva arcabou o te rico por excel ncia do SUS deva ser constantemente submetido cr tica e atualiza o destacando as contribui es de categorias como qualidade de vida empowerment territ rio processo co gest o micropol tica do trabalho vivo e Cl nica Ampliada Balizando e dando sentido a estas no es encontra se a necess ria afirma o da sa de enquanto um direito de todos e um dever do Estado e de que a produ o de sa de sempre um processo de co produ o de sujeitos **Saúde e desenvolvimento local** Marco Akerman, 2005 Este livro d um passo significativo na constru o de uma articula o entre a d ia de desenvolvimento e a sa de Campos aparentemente distintos o trabalho busca aproxim los a partir do entendimento de suas rela es e implica es m tuas A grande
