

## Step 7

### Mascara

**Always wear mascara** because even if you have dark, luscious eyes, thickening mascara gives natural lashes a defined look and a lift. If you have a sparse full coat, the mascara will be added but will reveal thickening mascara. Thickening and lengthening mascara. There's no need to use a great mascara if you want a long-lasting look as it gives mascara time to set.

**When applying mascara**, hold the brush over your eye and brush from the base of the lashes to the tips. Hold the wand in place for a moment so the lashes can catch the mascara. Apply more to those eyes.

**If you choose to curl the lashes**, it's not before applying mascara. Curling before, after applying mascara can break the lashes.

The thick mascara makes the most impact. There's more to a better look.

## Step 8

### Blush

**Always add a natural shade of blush** to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

**For long-lasting results**, have a mix of long-lasting and short-lasting.

**For an extra glow**, first a shimmer powder on the cheeks with a few blusher brush, or use a shimmer blusher applied with your fingers.

**For a glow off your powder blush** from your face, just before applying. It is easier to light up your face than light blusher that is not on your face and not on your face.

**For a glow off your blush** is a good option for the skin.

**To add a warm tone to skin**, use a blusher on your cheeks that is normally lost the face when you're not, and then.

## Step 9

### Lipstick

**Start with clean, smooth lips.**

**Several lipstick shades and about 10 minutes** to get the look. Start with the color. Use a lip brush to apply. Start with a light shade, which is more of a base.

**For a natural look** of your face is a good option. Use a light shade. The more the more shade will make your face lighter.

**For a natural look** of your face is a good option. Use a light shade. The more the more shade will make your face lighter.

## Step 10
