Making Hard Decisions Chapter 1 solutions:

Transforming Government and Public Services Stephen Jenner, 2016-02-24 This book distills the learning from practical experience and academic research and represents a significant contribution to the challenges we face in transforming government and public services in an environment of ever tighter finances John Suffolk UK Government Chief Information Officer Major public sector IT enabled business change programmes are designed to realize benefits in terms of more efficient services services tailored to the need of citizens and improved outcomes but in practice such benefits often fail to materialize or we are unable to demonstrate their delivery Transforming Government and Public Services provides proven tools techniques and processes to reverse this trend Stephen Jenner explores a number of key themes that are fundamental to an approach to project portfolio management built on value He explains how to develop a business case to achieve a desired intent rather than justify a particular solution create project documentation that is both technically rigorous and gives users a clear understanding of where you are going treat projects as investments rather than costs include stage gates with teeth that are closely linked to real performance plan for success rather than holding people to account for failure use a single version of the truth principle so there are no arguments about different data In a complex confusing and often highly politicized environment Stephen Jenner's Transforming Government and Public Services provides a clear definitive and highly applied guide for all involved in selecting the right projects and doing them right so that they achieve the intended investment objectives

Rebuilding Nigeria Obinna Ositadimma Oleribe, 2020-07-31 This is a book on Nigeria I began this book with who I am and why I think I am qualified to speak on Nigeria born towards the end of the Biafra war I suffered I lost my twin sister Ogechi and am yet to recover from it I have also lived most of my life in Nigeria across the six geopolitical zones This book detailed my views and those of 100 respondents drawn from across the nation on what the issues problems challenges are the root causes the perpetuating factors the results and the viable solutions to the national problems While what you already know as regards these corruption tribalism ethnicity poor bad leadership and poor citizen participant topped the list of challenges national restructuring constitutional review and citizen engagement were cited as viable solutions I also took the liberty to introduce the concept of a United Nations of Nigeria UNON similar to the UAE algorithm We need to take relevant steps to rebuild Nigeria The time to start is now Join the campaign

Change-Promoting Research For Health Services St Leger, A, Walsworth-Bell, J, 1999-12-01 Health services globally are changing strategically structurally and clinically Research and Development R D plays a key role because only good research can elucidate and challenge the status quo or future possibilities for effective health care Researchers and managers have a duty to collaborate with clinicians to understand and make the most of each others skills This necessitates a new paradigm of health service research which is part of a change management culture and change promotion A clear philosophical and practical distinction is required between R D and fundamental biomedical science This book has been written for people who
