Managerial Accounting Ray H. Garrison, Eric W. Noreen, 2003 **ACC 3200 Cost Accounting** Ray H. Garrison, Eric W. Noreen, Peter C. Brewer, 2006 **Improving Business Performance Through Innovation in the Digital Economy**

Oncioiu, Ionica, 2019-09-06 In the 21st century advancements in the digital world are bringing about rapid waves of change in organizational management. As such, it is increasingly imperative to discover ways for businesses to adapt to changes in the markets and seize various digital marketing opportunities. *Improving Business Performance Through Innovation in the Digital Economy* is an essential reference source for the latest research on the impact of digital computing. It investigates new economic and entrepreneurial approaches to enhancing community development. Featuring research on topics such as business ethics, mobile technology, and cyber security, this book is ideally designed for knowledge workers, business managers, executives, entrepreneurs, small and medium enterprise managers, academicians, researchers, students, and global leaders seeking coverage on the management of sustainable enterprises. Basics of Accounting Carsten Berkau, Keabetswe Sylvia Berkau, 2018-04-23 *Basics of Accounting* targets students in international business study programs. It covers the widely applied syllabus of Accounting at universities on bachelors and masters level. In this book, the application of the methods comes first. The Basics teach how to do Accounting by a case study based approach. All cases were taken from former exam papers at international universities and calculated completely and illustrated understandably. *Bookkeeping and Financial Accounting* covers the preparation of financial statements based on IFRS. *Bookkeeping* is taught as far as it is required for the understanding by managers; more formal aspects about how to keep financial records are cut short to the minimum.

Financial Statements Carsten Berkau, 2025-10-13 The textbook covers the preparation, disclosure, and analysis of financial statements on a bachelor's and master's level. It contains more than sixty case studies and numerous links to an online materials bank. As the cases dominate the textbook space, readers get the impression to observe accountants at work. The case studies comprise detailed calculations, journal entries, T-accounts, and financial statements. For open book exams, the text includes how it is done, paragraphs which offer directions for accounting work. The textbook's structure follows the sequence of balance sheet items, beginning with non-current assets and ending at income tax liabilities. It further discusses a full set of financial statements. Readers can download numerous online materials like exam tasks with solutions thereto, links to youtube clips produced by the author, and spreadsheets for support of their accounting work in academia.

Management Accounting, 1985 **Managing Tourism in South Africa** Richard George, 2007 Tourism is a rapidly growing field of study in South Africa, and tourism management is a compulsory course taught in all three years at the majority of universities of technology and universities. This book meets the need for a good South African book pitched at the right level on this subject. Specialists from various fields ranging from Accounting to Human Resource Management have

written comprehensively on various aspects of management as they relate specifically to the tourism industry The book has a southern African focus and is rendered accessible to students through the use of South African examples and case studies
