Le Syndrome Darmageddon

A. Carrol, L. Broch

Le Syndrome Darmageddon:

Le syndrome de Babylone Alain Musset, 2012-10-03 L'humanité a pour vieille compagne l'angoisse de sa destruction. On trouve toujours un prêtre sage interprète ou un prophète pour annoncer que l'heure est proche. La menace change mais le châtiment reste le même. Les hommes ont dû leur Créateur ou trahi la Nature. Ils doivent affronter la fin du monde ou du moins la fin d'un monde. Les villes sont condamnées à la destruction. L'antique Babylone n'est-elle pas le réceptacle impur de tous les maux terrestres? La science-fiction s'est emparée de ce thème puisant dans les cosmogonies les plus anciennes, dans la Bible et l'Apocalypse de Jean. Il interprète aussi les découvertes astronomiques. L'imagination est sans limite mais elle se fonde au miroir du monde réel où l'homme se sent de plus en plus vulnérable. Géographe de la ville amateur clair de science-fiction, Alain Musset nous fait partager sa passion encyclopédique pour un genre qui dit bien plus qu'il n'y paraît. Le pacifisme, une passion française Yves Santamaria, 2005-02-08 De Sedan Bagdad, les divers pacifismes français font l'objet de ce livre dans la mesure où ils signalent une position circonstanciée de refus de la guerre. Les attitudes d'hostilité, la participation aux conflits furent tributaires de la mutation de deux éléments conditionnant galement les choix bellicistes: le nationalisme attentif tout autant à la cadence qu'à la menace externe et la révolution sociale y compris sous sa version soviétique. Deux passions entretenant avec le pacifisme une concurrente et tumultueuse liaison. La chute du Mur et la dérive des continents enregistrée entre Vieux Monde et Amérique n'ont que partiellement altéré cette relation triangulaire. Le choc du 11 septembre 2001 n'a pas davantage gommé les liens tissés par les idées de réduction de la violence avec la démocratie et les Droits de l'homme. Mais les passions démocratiques ne jouent pas de façon univoque sur la perception du danger de guerre. Ressort majeur de mobilisation, la peur elle-même est un oracle malaisément décryptable: elle peut aussi bien nourrir l'interventionnisme que la tentation du repli. Pourquoi mourir pour Strasbourg, Danzig ou Pristina et non Gryniv, Kigali ou Falloudja? Dans tous les cas, les pacifistes savent tout comme les partisans d'un engagement militaire mobiliser les valeurs plutôt qu'invoquer les intérêts. Yves Santamaria est agrégé d'Histoire, Géographe, docteur en Histoire et en Sociologie. Maître de conférences à l'IUFM des Pays de Loire et à l'IEP de Paris, il est notamment l'auteur de *L'Enfant du malheur. Le PCF dans la Lutte pour la paix* (Seli Arslan, 2002). La paix dictée 1889-1914, le crépuscule des dieux 1914-1918, la paix, le droit, la force 1918-1933, la paix inquiète 1933-1939, la pression et la mission 1939-1947, une drôle de guerre prolongée 1947-1962, une paix belliqueuse 1962-1974, la guerre par procuration 1975-1989, la fille aînée de l'Alliance 1989-2004, vieille Europe, nouvelles menaces. *France in an Era of Global War, 1914-1945* A. Carroll, L. Broch, 2014-09-30 In *France in an Era of Global War*, scholars re-examine experiences of French politics, occupation, empire and entanglements with the Anglophone world between 1914 and 1945. In doing so, they question the long-standing myths and assumptions which continue to surround this period and offer new avenues of enquiry.

Intercultural Perceptions and Prospects of World Christianity Richard Friedli, Jan A. B. Jongeneel, Klaus Koschorke, 2010 *Studies in the Intercultural History of Christianity* published by Peter Lang since 1975 is nowadays the largest series in the

wide field of missiology intercultural theology and comparative religion theology The present editors decided to celebrate the publication of no less than one hundred and fifty volumes by evaluating and rethinking intercultural theology This book is meant to encourage Christian theology to be done more thoroughly adequately and effectively in the contemporary global and local setting On the one hand the volume offers new insights into the nature of doing biblical studies church history and systematic and practical theology as well as comparative theology in an intercultural way On the other hand it argues for accomplishing interdisciplinary studies in the fields of theology and religion
