Le Vote Des Douze Les Iotalections Europiotaennes De Juin:

Les élections européennes 40 ans après - The European Elections, 40 years later Tony Marguery, Sébastien Platon, Hanneke van Eijken, 2020-09-28 En 1979 40 ans après la première élection des membres du Parlement européen au suffrage universel direct en 1979 les citoyens de l'Union étaient une neuvième fois appelés aux urnes Entre ces deux dates le Parlement européen a profondément changé passant d'une simple assemblée consultative au législateur de droit commun d'une Union européenne en proie de nombreuses crises Les contributions au présent ouvrage tirées des travaux d'un colloque international qui s'est tenu à l'Université de Bordeaux les 9 et 10 mai 2019 entendent dresser le bilan les enjeux et les perspectives tant des élections européennes de 2019 que de la démocratie représentative européenne de façon globale In 2019 40 years after the first election of members of the European Parliament by direct universal suffrage in 1979 the citizens of the Union were called to the polls for the ninth time Between these two dates the European Parliament changed dramatically from a mere consultative assembly to the ordinary co-legislator of a European Union plagued by many crises This book draws on an international conference held at the University of Bordeaux on May 9 and 10 2019 The various contributions therein intend to take stock examine the challenges and envisage the prospects not only of the 2019 European elections but also of representative European democracy in general Europe at the Polls P. Perrineau, G. Grunberg, C. Ysmal, 2016-04-30 In election after election for the European parliament there has been a growing ability for voters to deal with Europe by passing categories that are still used to think about essential political issues within individual countries Europe at the Polls highlights this liberation of the European Question from the old left-right conflicts that have marked political life within the 15 members of the European Union Across national borders this study of those elections shows that diverse trends are taking root in homes towns and in the workplace and are reflected in the electoral geography at the level of the European Union The increasing strength of Green parties the continued decline of European Communism and ethno-regionalism are just some of the issues that this book explores with the hope that Europe can begin constructing a real European public space within which a strong link to citizens can be woven **Contemporary France** Anne Sa'adah, 2003 Annotation Describing actors beliefs institutions and policies this introduction interprets contemporary democratic politics in France and explores why and with what political consequences so many people in France experience globalization as a harbinger of national decline Special attention is paid to the impact of historical legacies WWII and France's role in Europe The author teaches law and political science at Dartmouth College Annotation c 2003 Book News Inc Portland OR booknews.com **How France Votes** Michael S. Elections Donatella M. Viola, 2015-08-14 The Routledge Handbook of European Elections explores the multifaceted dimension of the European Parliament's EP electoral contests across the European Community and European Union since 1979. After setting a general empirical and theoretical framework this collaborative project presents original contributions from leading experts from virtually all the corners of the European Union. Each case study adheres to a common template that makes it easy to compare data methodology and outcomes. Every country chapter includes a brief geopolitical profile and historical background of the Member State, a glance at the national political landscape, a short account of the main political parties including their attitude toward the European Union, a section on public opinion and European integration, a summary of electoral systems, an overview of all EP and national elections, an in-depth analysis of the 2009 EP electoral race, an overall theoretical interpretation of European elections. A comparative chapter closes the Handbook followed by an Epilogue focussing on the 2014 EP contest with a detailed analysis of the newly elected European Assembly in terms of political group and gender composition. The volume aims to enhance readers' understanding of the European Parliament and revive their interest in the European integration process. By providing a wide range of national and European facts and figures this investigation represents a comprehensive reference guide to scholars, practitioners and students of the European Parliament. European elections, political parties, European Union and comparative politics. Domination politique et processus de déclin électoral du parti communiste français

Régis Matuszewicz, 2003 Nous sommes parti de l'hypothèse selon laquelle l'étude de la diversité des processus de déclin électoral communiste au sein de territoires caractérisés par une implantation très forte du parti communiste français serait de nature permettre de dégager les structures de la domination communiste. À cette fin nous nous sommes intéressés au recul du PCF sur la période 1978-1995 dans l'un des départements où il est de longue date puissant, le nord. Plus précisément au sein même de ce département nous avons isolé les territoires d'assise communale qui se caractérisent par une particulière domination électorale communiste au seuil de la décennie qui va suivre 1978. À partir d'une réflexion théorique sur la notion de territoire politique de la élaboration d'une définition empirique de territoires dont le fondement repose sur la domination électorale localisée du PCF, territoires de domination communistes et de la construction d'une typologie de la résistance électorale au déclin de ces mêmes territoires nous avons mis au jour les structures du déclin communiste. Il ressort de ce travail que la résistance au déclin du PCF se fonde dans une large mesure sur l'ancienneté d'une implantation communiste particulièrement dense dans une zone marquée par la vieille industrie sidérurgie métallurgie et mine. Le caractère fortement

anthropologique de l'implantation du PCF largement tributaire d'un univers ouvrier en voie de disparition constitue la fois sa force et sa faiblesse. Force en ce que le PCF s'appuie sur l'ancienneté de ses implantations, leurs imbrications géographiques, l'existence de nombreux élus pour limiter et ralentir au maximum le processus de déclin. Faiblesse en ce que cet ancrage constitue un enfermement tel aux différents niveaux du communisme politique et syndical local, les communistes lecteurs adhérents que le destin des territoires de domination communistes apparaît lié celui de la vieille industrie.

Le RPR et la construction européenne Bertrand Maricot, 2010. En 26 années d'existence le RPR a servi sur la construction européenne, finit par se rallier à l'Europe intégrée. Ce ralliement européen a permis de mettre fin à la division des droites républicaines de reconquérir la magistrature suprême en 1995 et de fusionner dans un grand parti européen libéral et de droite l'UMP avec ses adversaires l'UDF d'hier.

L'introuvable écologisme français? Guillaume Sainteny, 2000. En juin 1997 après un quart de siècle de péripiéties l'écologisme français semble toucher au but. D'une multitude d'associations et de mouvements sociaux a peu à peu émergé un courant politique qui après maints succès électoraux parvient à participer en tant que tel au pouvoir législatif et exécutif. Cette apparence est toutefois trompeuse. Ne s'agit-il pas là d'une victoire à la Pyrrhus? Sous la plume des pavés pourrait-on croire en inversant la formule des manifestants de mai 1968. Sous la plume de J. apparente victoire les pavés des problèmes non résolus et des difficultés à venir. C'est que paradoxalement la participation des Verts au pouvoir intervient un moment de grande faiblesse de l'écologisme, masque sa fragilité et ses déficiences structurelles persistantes et s'effectue au prix d'un considérable ajustement, la baisse de ses ambitions. L'écologisme est né avec l'ambition de devenir un acteur autonome d'incarner la politique de demain, de supplanter les autres partis, de subvertir le clivage gauche-droite et les hiérarchies de détruire l'État, le champ politique, la technocratie. Sur tous ces points les écologistes ont clairement manqué leur pari. Loin de supplanter ces acteurs et ces pratiques ils en sont devenus les suppléants. De supplanter suppléer, l'écart entre l'ambition originelle et la situation actuelle réside dans la différence de sens entre ces deux mots. Pourquoi l'écologisme ne progresse-t-il pas en tant que force politique autonome en France? Pourquoi ses résultats électoraux restent-ils inférieurs à ceux d'il y a une dizaine d'années? Pourquoi la différence de la situation existante dans nombre de pays voisins demeure-t-elle aussi faible? Pourquoi aussi peu représenté dans les Assemblées aussi instable dans son expression électorale aussi peu organisé aussi divisé? Le but de cet ouvrage est de tenter de comprendre et d'expliquer cette spécificité qui participe peut-être de l'exception française.

Le gouvernement de la France sous la Ve République Dominique Chagnollaud, Jean-Louis Quermonne, 1996. *Euro-barometer*, 1995. **Notes et études documentaires**, 2003. *La France aux urnes* Pierre Bréchon, 2004. *Le Monde*, 1985. **Parlement européen et droit parlementaire** Nicolas Clinchamps, 2006. À la fois autonome et intégré au système juridique des États membres le droit communautaire constitue un laboratoire politico-juridique fertile de l'imagination. Seule institution bénéficiant de la légitimité populaire directe le Parlement européen construit pas à pas dans ce contexte une nouvelle matière le droit parlementaire de l'Union européenne. Mais ce dernier est encore en devenir. L'analyse montre que les critères classiques du droit parlementaire

interne ne lui sont appliqués que de manière partielle. Sa naissance procède d'une fondation réciproque. Nourri par le droit parlementaire des États membres, il en emprunte bon nombre de caractéristiques tout en créant le cas échéant des règles qui lui sont propres. L'image de la pratique de l'heure des votes exportée avec succès vers la France l'Assemblée nationale. Son caractère inachevé confine au demeurant la prospective. Au final, la mise en lumière de cette naissance apparaît d'autant plus nécessaire qu'elle draine des enjeux considérables, ceux de la démocratie supranationale. En son cœur, le droit parlementaire de l'Union européenne se profile, non en passe d'être en acte, mais en acteur de notre avenir.
