Jules Breton, Painter of Peasant Life Annette Bourrut Lacouture, Jules Breton, 2002-01-01 Jules Breton 1827 1906 known as one of the first peasant painters created beautiful scenes of rural French life and was a highly popular figure among the Salon artists of his era Taking his inspiration from his native Artois and from the landscapes of Brittany where he stayed for long periods he painted peasant women and men performing their daily activities meticulously observing their world and making it a place of peace and harmony During the second half of the nineteenth century rewards and official decorations were heaped upon him and his paintings were purchased not only by the emperor but also by collectors in America Britain and Ireland However Breton s work became eclipsed by the avant garde movements of the twentieth century and he was eventually forgotten This book now pays Breton the tribute that he deserves It traces the development of his career and the forces that influenced him from his childhood through his early training in Belgium and Paris to his years in Brittany The

book presents and discusses a number of important paintings by Breton some of which have been almost unknown until now and it shows how they reflect the artist's social and humanitarian concerns as well as his painterly abilities

The Art of Parisian Chic Justine De Young, 2025-07-10 Using artworks by Berthe Morisot, Édouard Manet, Claude Monet, Pierre-Auguste Renoir and others *The Art of Parisian Chic* explores how women and artists in Impressionist Paris 1855-1885 crafted their public images to exploit and resist stereotypes. French societal expectations and beauty ideals shaped how women were seen and how they chose to present themselves in public whether on the street in a photograph or in a portrait on the walls of the annual Paris Salon. On Paris's broad new boulevards and in its public parks and theaters women dressed to impress anonymous strangers as well as their friends. They even circulated aspirational photographs of themselves. Looking at a rich array of visual sources from portraits to modern life paintings and from photographs to fashion plates Justine De Young reveals how women were seen how they aspired to be seen and how they navigated public life in Second Empire and Belle époque Paris. This book considers how fashionable feminine types made famous in books, caricatures and paintings created a visual lexicon and stylistic guide for women. Men and women alike relied on these types: *cocotte*, *mistress*, *jeune veuve*, *young widow*, *amazone*, *independent equestrienne*, *demoiselle de magasin*, *shopgirl* and *Parisienne chic*. Parisian woman to judge the class character, morality and worth of strangers. With a rich set of illustrations from the Impressionist canon and beyond *The Art of Parisian Chic* shows how modern women used fashion and these stereotypes to construct and reinvent their identities.
