Socialism and Saint-Simon (Routledge Revivals) Emile Durkheim, 2009-12-15 Durkheim s study of socialism first published in English in 1959 is a document of exceptional intellectual interest and a genuine milestone in the history of sociological theory It presents us with the sociological theories of a truly first rate thinker and his extensive commentary upon another key figure in the history of sociological thought Henri Saint Simon The core of this volume contains Durkheim s presentation of Saint Simon s ideas their sources and their development

Émile Durkheim Roger Cotterrell, 2017-03-02 This volume focuses on three closely connected aspects of mile Durkheim s work his sociology of justice his sociology of morality and his political sociology These areas of his thought are the most relevant and practical today in considering fundamental problems of contemporary societies and they provide many of the richest and most important insights of his social theory Yet they are also relatively

neglected and this volume collects together the most incisive recent periodical commentary on them Within the justice morality politics triangle Durkheim examines moral pluralism and the possibility of identifying a unifying value system for complex societies the nature and conditions of democracy the relations of the citizen the state and corporate groups criteria of justice and of effective economic regulation and modern individualism with its associated ideas of human dignity and human rights This tightly integrated volume presents Durkheim s thought in an unusual and revealing light showing him as a key social and political thinker for the twenty first century **The Oxford Handbook of Émile Durkheim** Hans

Joas, Andreas Pettenkofer, 2024 mile Durkheim remains one of the most controversial and one of the most deeply misunderstood classics of social theory The Oxford Handbook of mile Durkheim takes stock of the different recent debates on Durkheimian sociology and makes them accessible to a wide audience spanning various disciplines this includes crucial debates that due to language barriers are not easily accessible for an English reading public In doing so this volume is an important resource for all scholars and students looking to understand Durkheimian sociology Émile Durkheim Steven Lukes, 1985 This study of Durkheim seeks to help the reader to achieve a historical understanding of his ideas and to form critical judgments about their value To some extent these tow aims are contradictory On the one hand one seeks to understand what did Durkheim really mean how did he see the world how did his ideas related to one another and how did they develop how did they related to their biographical and historical context how were they received what influence did they have and to what criticism were they subjected what was it like not to make certain distinctions not to see certain errors of fact or of logic not to know what has subsequently become known On the other hand one seeks to assess how valuable and how valid are the ideas to what fruitful insights and explanations do they lead how do they stand up to analysis and to the evidence what is their present value Yet it seems that it is only by inducing oneself not to see and only by seeing them that one can make a critical assessment The only solution is to pursue both aims seeing and not seeing simultaneously More particularly this book has the primary object of achieving that sympathetic understanding without which no adequate critical assessment is possible It is a study in intellectual history which is also intended as a contribution to sociological theory

Marcel Mauss Marcel Fournier, 2015-07-28 This book is the first intellectual biography of Marcel Mauss 1872 1950 the father of modern ethnology and a leading early figure in the French school of sociology Mauss left a rich intellectual legacy in the social sciences influencing the work of Claude L vi Strauss and others His masterpiece the 1925 essay The Gift on reciprocity and gift economies among archaic societies remains required reading in anthropology and his work more broadly resonates today with students and scholars in fields from the history of religion to sociology Mauss taught the first generation of French field researchers in anthropology and helped secure the legacy of his uncle mile Durkheim the founder of modern sociology In Marcel Mauss A Biography Marcel Fournier situates Mauss s ideas in their biographical context focusing not only on the details of Mauss s life but also on the people and the academic milieus with which he was associated

in early twentieth century France He shows how Mauss through his writings teaching and socialist politics found himself at the center of the intellectual and political life of his country and of Europe through two world wars The book addresses among other topics the effect of the Dreyfus Affair and the First World War on Mauss's thought and the inner dynamics of the group of scholars around Mauss and Durkheim at the journal they helped establish *Année Sociologique* The fruit of vast research Marcel Mauss A Biography is the life story both of a legendary scholar and of the institutionalization of sociology and anthropology

Emile Durkheim Marcel Fournier, 2007 Fils et petit fils de rabbin né en 1858 Emile Durkheim refuse de suivre la voie familiale Agrégé de philosophie il devient professeur de sciences sociales Bordeaux et commence la rédaction de ses ouvrages de sociologie Sachant s'entourer des collaborateurs les plus zélés C. Lestin Boulgl Paul Fauconnet Maurice Halbwachs Robert Hertz Henri Hubert Paul Lapie Emmanuel Lévy Marcel Mauss Paul Richard Fran ois Simiand etc il crée avec eux en 1896 une revue *L'Année sociologique* et forme ce qu'il est convenu d'appeler l'école française de sociologie Voilà pourquoi Marcel Fournier s'intéresse non seulement l'homme mais aussi tous ceux qui l'ont entouré et ont participé avec lui la fondation de cette nouvelle école de pensée souvent qualifiée l'époque de réalisme social Dans cette biographie la fois intellectuelle et collective l'auteur ne laisse rien au hasard de la vie et de l'œuvre considérable du fondateur de la sociologie en France De *La Division du travail social* 1893 aux *Formes mentales de la vie religieuse* 1912 en passant par *Les Règles de la méthode sociologique* 1895 et *Le Suicide* 1897 les préoccupations majeures de Durkheim l'individu la famille le travail la politique la morale la religion la maladie la guerre la mort résonnent aujourd'hui avec autant d'acuité Si c'est une vie avant tout consacrée à la recherche et l'enseignement que l'on découvre ici c'est aussi une existence qui sans être partisane est sincèrement engagée dans l'affaire Dreyfus dans la séparation de l'Église et de l'État dans la montée du socialisme en France Enfin profondément marqué par la mélancolie et la tragédie Durkheim parviendra difficilement à supporter les malheurs d'une vie la perte de son fils la guerre d'une société et d'une époque

Emile Durkheim Robert Bierstedt, 1966 **Cours de science sociale** Emile Durkheim, 2023-11-16

Chargé d'enseigner une science nouvelle et qui ne compte encore qu'un petit nombre de principes définitivement établis il y aurait de la témérité de ma part n'être pas effrayé par les difficultés de ma tâche Je fais d'ailleurs cet aveu sans peine et sans timidité Je crois en effet que dans nos Universités c'est de ces chaires du haut desquelles on enseigne la science faite et les vérités acquises il y a place pour d'autres cours où le professeur fait en partie la science au fur et mesure qu'il l'enseigne où il trouve dans ses auditeurs des collaborateurs presque autant que des élèves où il cherche avec eux à tonner avec eux parfois aussi à gâcher

avec eux Je ne viens donc pas vous révéler une doctrine dont une petite coterie de sociologues aurait le secret et le privilège ni surtout vous proposer des remèdes tout faits pour guérir nos sociétés modernes des maux dont elles peuvent souffrir La science ne va pas si vite il lui faut du temps beaucoup de temps surtout pour devenir pratiquement utilisable Aussi l'inventaire de ce que je vous apporte est le plus modeste et le plus facile à faire Je crois pouvoir poser avec quelque précision un certain nombre de questions spéciales qui se rattachent les unes aux autres de manière à former une science au milieu des autres sciences positives Pour résoudre ces problèmes je vous proposerai une méthode que nous essaierons ensemble Enfin de mes études sur ces matières j'ai retiré quelques idées directrices quelques vues générales un peu d'expérience si vous voulez qui servira je l'espère nous guider dans nos recherches venir

Études socialistes, 1903 Socialism Émile Durkheim, 1962

This famous study of the development of socialism by the greatest of French sociologists continues to be a rich source of insight into both socialist thought and Durkheim's theories This important and influential work treats socialism in its most dynamic sense as a social and moral philosophy a way of life and thought It provides a useful perspective on the nature of socialist thought before Lenin carefully defining the differences between communism and socialism This first English translation of *Le Socialisme* reveals Saint-Simon's profound influence upon the author's thinking Durkheim devotes a major part of the book to an examination of the doctrines of this early nineteenth-century socialist the common ancestor of such notable theorists as Comte Marx and the author himself Page 4 of cover
