*The Secret Art of Pressure Point Fighting* Vince Morris, 2008-05-28 From a ninth Dan Master a guide to disabling anyone using minimal force with 300 step by step photos showing each vital point and strike

Ancient martial arts legends tell of masters who possess a mysterious ability to defeat an opponent and in some cases even cause death with one perfectly placed blow. The Secret Art of Pressure Point Fighting transforms the myth into a modern anatomically based self defense technique that allows smaller defenders to defeat larger attackers by striking at the vulnerable points on their bodies. Written by one of the world's leading authorities and clearly illustrated with photos of each pressure point, this book shows how knowledge of the body's vulnerable points can enhance both competitive fighting and personal self defense skills. The Secret Art of Pressure Point Fighting doesn't teach theoretical strikes; it presents the actual moves used throughout the world by military special forces and law enforcement agencies to disable opponents as quickly as possible. The moves in this book are straightforward and easy to learn. They are designed to empower anyone regardless of size or physical strength with the ability to stop an attacker using a minimal amount of physical strength.

*36 Deadly Bubishi Points* Rand Cardwell, 2019-03-26 Learn how to target the weaknesses of an attacker and effectively exploit them in order to defend yourself. The 36 Deadly Bubishi Points explains the pressure point techniques found in the *Bubishi*, the ancient Bible of Karate, and how recognizing them allows you to defend yourself against such attacks. This book closely examines these vital points and the science behind them, and the author fills a gap in general understanding of how the 36 vital points found in the *Bubishi* can be targeted using pressure point fighting techniques. While much has been written about the vital points and their medicinal importance thanks to the popularity of practices such as acupuncture, research on the subject has been lacking. Cardwell discusses the vital points from the perspective of an experienced martial artist, including how the body's vital points are related to the 8 extraordinary vessels and 12 meridians which circulate energy throughout the body. Through detailed step-by-step instructions and over 96 photographs and illustrations, *The 36 Deadly Bubishi Points* shows how this knowledge can be employed in self defense.

*Black Belt*, 2000-12 The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world, including techniques and strategies.
