

The book cover features a composite image of two historical figures. On the left is a portrait of Abraham Lincoln, showing him from the chest up, wearing a dark suit and a white shirt with a dark cravat. On the right is a portrait of Winston Churchill, also from the chest up, wearing a dark pinstripe suit, a white shirt, a dark bow tie, and a grey fedora hat. He is holding a cigar in his mouth. The background is a textured, reddish-brown color. The title is written in large, bold, white capital letters across the middle of the cover.

Leadership In War From Lincoln To Churchill Revised Edition:

Leadership in War Correlli Barnett, General The Lord Dannatt, 2014 In this controversial study Correlli Barnett examines the strengths and weaknesses of twenty wartime leaders in the nineteenth and early twentieth centuries He considers the extraordinary difficulties they faced and analyses how they performed and what they achieved Were they successful or were they beaten down by the burden of their roles His book focuses on men from very different backgrounds and from three continents in a range of modern conflicts from the American Civil War to the Second World War They range from statesmen like Lincoln Lloyd George Hitler and Churchill to generals like Grant Haig Rommel Zhukov and Eisenhower and admirals like Yamamoto and Ramsay These leaders demonstrated fascinating contrasts of personal character styles of leadership and aptitude for command as they grappled with the daunting professional problems that confronted them *Franklin D. Roosevelt and the Art of Leadership* William Nester, 2024-06-30 Scholar William Nester explores Franklin D Roosevelt s character personality and presidential power After their independence and civil wars Americans never faced a greater threat than the sixteen years of global depression followed by global war from 1929 to 1945 Franklin Delano Roosevelt was the president for the last dozen of those years during which he led the nation first to alleviate the Great Depression then led an international alliance that vanquished the fascist powers during the Second World War Along the way he established the modern presidency with centralized powers to make and implement domestic and foreign policies He was naturally a master politician who eventually through daunting trials and errors became an accomplished statesman For all that historians regularly rank Roosevelt among the top three presidents Yet most historians and countless others criticize Roosevelt for an array of things that he did or failed to do Conservatives lambast him for creating a welfare state and trying to pack federal courts with liberal judges while liberals condemn him for internment 120 000 Japanese Americans during the war and doing little to advance civil rights for African Americans Critics blister war commander Roosevelt for caving into strategies demanded by powerful leaders that squandered countless lives and treasure in literal and figurative dead ends These include Prime Minister Churchill s push to invade the Italian peninsula and General MacArthur s determination to recapture the Philippines At times his policies violated his principles Like President Wilson during the Second World War Roosevelt championed self determination but not for every nation He badgered Churchill to break up Britain s empire while bowing to Stalin s brutal communist conquest of eastern Europe And those are just the opening barrages against Roosevelt Although he won four presidential elections with overwhelming majorities nearly as many people reviled him as they adored him *Franklin D Roosevelt and the Art of Leadership* explores the dynamic among Roosevelt s character personality and presidential power with which he asserted policies that overcame first the Great Depression and then the Axis powers during the Second World War Along the way the book raises and answers key questions What were Roosevelt s leadership skills and how did he develop them over time Which New Deal policies succeeded which failed and what explains those results Which war

strategies succeeded which failed and what explains those results What policies rooted in Roosevelt s instincts proved to be superior to alternatives grounded in thick official reports advocated by his advisors Finally how does Roosevelt rank as an American and global leader

Presidential Lessons in Leadership Ron Felber,2011-02-22 Presidential Lessons in Leadership crystallizes the methods of leadership from six of America s greatest presidents during moments of personal challenge and turns them into concrete lessons that business leaders and anyone interested in becoming a more effective leader can use each day The six presidents include Abraham Lincoln Principle based Leadership John F Kennedy Leadership through critical thinking Franklin D Roosevelt Leadership through innovation Teddy Roosevelt Leadership through influence Ronald Reagan Leadership through ideology In this exciting and instructive book CEO historian Dr Ron Felber dramatically renders the moral complexities behind these presidents moment of greatest challenge and crystallizes the essence of the character driven leadership they exercised into practical lessons that readers can apply in the workplace as well as in their day to day lives Once a reader delves into these inspirational tales of challenge and triumph and the lessons they teach they will never forget them

Handbook of Defence Politics Isaiah "Ike" Wilson III,James J.F. Forrest,2011-03-28 Issues of defence politics and policy have long been at the forefront of political agendas and defining of international affairs However the dramatic changes to the global system that have taken place since the end of the Cold War and parrticularly since the terror attacks on the USA on 11 September 2001 have amplified the world s attention toward political and policy issues of national regional and global security The focus of this volume is on examining the fundamental causes of and defence policy responses to this new post 9 11 security environment Edited by Isaiah Ike Wilson III and James J F Forest of the US Military Academy West Point USA this volume is international in scope with pieces written by experts in the field offering a collection of up to date and balanced insights on key contemporary issues of concern to defence policymakers The book will be an invaluable reference tool for academics and students researchers in international relations policymakers media professionals and government officials
