Ebook: Managerial Accounting - Global Edition Ronald Hilton, David Platt, 2014-09-16 We are pleased to present this Global Edition which has been developed specifically to acquaint students of business with the fundamental tools of managerial accounting and to promote their understanding of the dramatic ways in which business is changing. The emphasis is on teaching students to use accounting information to best manage an organization. Each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. There is significant coverage of contemporary topics such as activity based costing, target costing, the value chain, customer profitability analysis and throughput costing while also including traditional topics such as job order costing, budgeting and performance evaluation. Many of the real world examples in the Management Accounting Practice boxes have been revised and updated to make them more current and several new examples have been added. This Global Edition has been adapted to meet the needs of courses outside the United States and does not align with the instructor and student resources available with the U.S. edition.

Managerial Accounting, Excel Templates Jerry J. Weygandt, Donald E. Kieso, Paul D. Kimmel, 2005-02 From the leading accounting author team of Weygandt, Kimmel and Kieso, this new edition of Managerial Accounting gives readers the tools they need to succeed whether as accountants or in other career paths. The book helps build their decision making skills and understand how to use accounting information to make quality business decisions. The third edition also continues the tradition of unparalleled accessibility by breaking difficult or complicated processes down into manageable, understandable steps.

Managerial Accounting: Asia-Pacific Edition John Sands, Lanita Winata, Sophia Su, Maryanne Mowen, Don Hansen, Dan L. Heitger, 2018-10-01 Managerial Accounting is characterised by a strong pedagogical framework and a dynamic and practical approach that directly demonstrates how students can develop their careers in real life. The text introduces students to the underlying concepts and applications of management accounting tools based on the traditional allocation approach and absorption costing method and uses Staircase exercises in each chapter to build knowledge and help learners to link the content between chapters as they progress through the book. This title uses easy to understand, student friendly language, uncomplicated examples, a logical discussion of concepts that matches student learning processes and clear visual explanations that support student understanding.
