

Getting Started

Learn how to use your terminal in a few easy steps.

NOTICE

Before plugging in your terminal, please connect all cables so that you don't accidentally damage the unit or connected devices.

Step 1: Getting Connected

The operation of the terminal requires access to either an IP connection (DSL or cable), WiFi, or dialup. If you chose dial-up a dedicated phone line should be used.

Step 2: Add an (optional) Device

If you have optional devices like the FD35 PIN pad or MagTek® MiniMICR Check Reader, you'll need to connect them to either the USB or COM ports.

Step 3: Load printer paper

Open the printer cover's latch as shown in the photos below. Load a roll of paper into the printer. Make sure the thermal print-side of the paper faces you as it prints out of the device. Close the cover and tear off any excess paper.

Step 4: Connect to a Power Supply

Assemble the power supply by plugging the AC power cord into the power adapter using the three-prong end and socket before you connect the power cord to the terminal. (See picture on the left)

Connect the single-pole AC adapter plug to the power input at the right side of the terminal. Turn the plug so that the cord is directed toward the back of the terminal.

Plug the AC power cord with the adapter into a surge protector or a standard 120V electrical outlet. We strongly recommend using a surge protector.

Adapter spec: LI 5PIN INT. / LSE0107A1240; Input: 100-240Vac, 50/60Hz 1A /

Output: 12Vdc, 3.33A

Operating Temperature: 0 C to 40 C

Battery spec: 3V, CR2032

Caution: Risk of explosion if the battery is replaced by an incorrect type. Please dispose of used battery according to local regulations.

Caution: Use only shielded signal cables to connect I/O devices to this equipment. You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

Warning: This is a Class A product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.
