About the Remote Modes

If you have multiple DStv Explorers in your home, or even in the same room, you need to set the remote and the DStv Explorer to different "modes", so that commands sent from one remote, won't be picked up by the other remote.

The remote has 3 modes and can be set to mode 1, 2 or 3 (the default is mode 1).

Each time you press a button, the **STANDBY** button will light up. The colour tells you which mode the remote is in.

Mode 1 - Red

Mode 2 - Green

Mode 3 - Orange

To change modes, press and hold the **MODE** and **BACK** buttons. The remote will change to the next mode, with the **STANDBY** button confirming the change by glowing 3 times in the colour of the next mode.

To change to the next mode, press and hold the **MODE** and **BACK** buttons again. The remote will again change to the next mode, with the **STANDBY** button confirming the change by glowing 3 times in the colour of the next mode.

Important!

The DStv Explorer must be set up to "listen" for the correct mode. You can do this in DStv Centre.

- Press the **MODE** button
- Go to "Settings"
- Select System Settings
- Select Remote Control
- If the remote is set to mode 1, set mode 2 and 2 to ignore
- If the remote is set to mode 2, set mode 1 and 2 to ignore
- If the remote is set to mode 3, set mode 1 and 2 to ignore

If your DStv Explorer is part of an interactive setup, please consult with your DStv Accredited Installer for remote mode settings.

Troubleshooting

Q I think the battery is dead. How can I check?

Press the **MODE** button. If the **STANDBY** button lights up, the batteries are working.

Q How do I know if the remote is broken?

Press the **MODE** button. If the **STANDBY** button does not light up, the remote is either broken or needs new batteries. If you add 2 new batteries and the **STANDBY** button still does not light up when a button is pressed, you will need to replace the remote. This remote has a 12 month warranty from the date of purchase. Please take it to your nearest DStv Service Centre or Agency together with your proof of purchase.

If your remote is older than 12 months, you can buy a new one at any DStv Home Service Centre or Agency.

0 All repairs are free and guaranteed to get you the remote.

Q Nothing happens when I press a button (the DStv Explorer does not respond).

Firstly, check that the remote is working by pressing the **MODE** button. If the **STANDBY** button lights up, the batteries are working.

Now check the colour of the **STANDBY** button when any button is pressed.

- If it's red, the remote is in mode 1
- If it's green, the remote is in mode 2
- If it's orange, the remote is in mode 3

(Change the mode of the remote will by again)
