**Littell's Living Age** ,1892      **Living Detroit** Brandon M. Ward,2021-11-03 In Living Detroit Brandon M Ward argues that environmentalism in postwar Detroit responded to anxieties over the urban crisis deindustrialization and the fate of the city Tying the diverse stories of environmental activism and politics together is the shared assumption environmental activism could improve their quality of life Detroit Michigan was once the capital of industrial prosperity and the beacon of the American Dream It has since endured decades of deindustrialization population loss and physical decay in short it has become the poster child for the urban crisis This is not a place in which one would expect to discover a history of vibrant expressions of environmentalism however in the post World War II era while suburban middle class homeowners organized into a potent force to protect the natural settings of their communities in the working class industrial cities and in the inner city Detroiters were equally driven by the impulse to conserve their neighborhoods and create a more livable city pushing back against the forces of deindustrialization and urban crisis Living Detroit juxtaposes two vibrant and growing fields of American history which often talk past each other environmentalism and the urban crisis By putting the two subjects into conversation we gain a richer understanding of the development of environmental activism and politics after World War II and its relationship to the crisis of America s cities This book will be of great interest to students and scholars in environmental urban and labor history

Living Air Classic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
