Lovers Guide To Sexual Position Dvdrip:

Mediated Intimacy Meg-John Barker, Rosalind Gill, Laura Harvey, 2018-04-27 Mediated Intimacy looks at contemporary sex and relationship advice exploring how our intimate lives are shaped through different media from manuals and magazines to television and Twitter By exploring how intimacy is constructed through different media texts the authors consider which ideas and practices these changing forms of sexpertise open up and which they close down The book reveals the intimate operation of power in mediated advice how words and images stories and sound can work to shore up social injustice It critically engages with the ideas of choice and responsibility in sex self help arguing that these can obscure and or justify oppression even if they re sometimes experienced as empowering and or pleasurable This bold and incisive book provides a radical challenge to the assumptions underlying the sex advice industry and presents a critical collaborative and consensual vision for sex advice of the future

Gone Viral Justin Hart, 2022-10-18

Data and marketing consultant and statistical sage to presidential candidates governors businesses and the real powers that be epidemiologists Justin Hart catalogs in a terrifying but sprightly manner the folly and psychosis produced by the pandemic and diagnoses the societal destruction that the massive overresponse to the COVID virus has wreaked as well as what can be done to stop the madness and bring the world back to a modicum of rationality WORST DISEASE EVER Someone broke America In this nightmare neighbors have turned into agoraphobes teachers fear their students children are muzzled citizens are censored dystopian fictions have become reality and unelected officials are creating a biometric police state Oh wait It s not a nightmare It s our daily lives In truth much of this insanity didn t start with the coronavirus pandemic it was already latent in big government and big corporations and it won t end there COVID 19 s greatest threat turned out to be mental All we had to fear was fear itself and boy did some of us fear The very idea of the virus weakened the immune system of America and revealed a decaying underbelly of confusion panic unease and cowardice few of the strong ones suspected existed What a horrible wake up call In a spate of anxious dread and gleeful power grabbing our health overlords threw away the pandemic response handbook and tried beyond all reason to protect well everyone From massive over testing to universal retail plexiglass to stay at home orders to stay away from school orders to masking mandates to vaccine mandates to some of the worst restrictions on civil liberties in American history this is an epic story that poses big questions about America s future as a free society And the odd thing is as Justin Hart shows the actual disease was as pandemics go not that threatening most people were at minimal risk What is really scary is the total overreaction of half the country many governments that lost all sense of perspective Hart offers a hopeful prescription on how we might face the madness down and claw our way back to sanity
