Commercial America ,1915 **Army-Navy-Air Force Register and Defense Times** ,1909 The Meritocracy Trap
Daniel Markovits,2020-09-08 A revolutionary new argument from eminent Yale Law professor Daniel Markovits attacking the
false promise of meritocracy It is an axiom of American life that advantage should be earned through ability and effort Even
as the country divides itself at every turn the meritocratic ideal that social and economic rewards should follow achievement
rather than breeding reigns supreme Both Democrats and Republicans insistently repeat meritocratic notions Meritocracy
cuts to the heart of who we are It sustains the American dream But what if both up and down the social ladder meritocracy is
a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and
dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled
middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time
meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing
intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats
from meritocracy but rather stems directly from meritocracy s successes This is the radical argument that Daniel Markovits
prosecutes with rare force Markovits is well placed to expose the sham of meritocracy Having spent his life at elite
universities he knows from the inside the corrosive system we are trapped within Markovits also knows that if we understand
that meritocratic inequality produces near universal harm we can cure it When The Meritocracy Trap reveals the inner
workings of the meritocratic machine it also illuminates the first steps outward towards a new world that might once again
afford dignity and prosperity to the American people The City Record New York (N.Y.),1914 St. Louis Daily Market
