Le Dialogue Familial:

Les Thérapies familiales systémiques Karine Alberne, Thierry Alberne, 2023-01-03 Les thérapies systémiques constituent une approche différente des troubles psychiatriques. Elles sont fondées sur la prise en charge psychologique globale de la famille et ont comme point de départ la demande de soins formulée par un membre du système familial. Cette notion de système définit la manière spécifique dont l'équipe soignante va aborder la demande de soins, la replacer dans un contexte plus large, formuler des hypothèses thérapeutiques, partir de références théoriques précises et valuer les résultats. Cette philosophie du soin est bien implantée en France, en particulier en psychiatrie infantile et pour des conflits intra-familiaux. Cet ouvrage, devenu une référence sur le sujet, propose une synthèse des différents courants de pensée systémique et constitue une approche solide et ouverte des recherches actuelles. La richesse de ce livre tient également à la diversité des problèmes traités par l'approche systémique : les troubles du comportement, tous les aspects de la vie, les crises conjugales et familiales, ainsi que les crises intra ou interinstitutionnelles. Le lecteur dispose ainsi de précieuses informations qui le guideront dans son développement personnel, familial et professionnel. Cette 5^e édition actualisée tient compte notamment des évolutions sociales de la famille et de leurs implications dans la prise en charge et de l'élargissement des indications cliniques résultant de l'expérience accumulée autour de cette thérapie.

Vodou and Christianity in Interreligious Dialogue Celucien L. Joseph, Charlene Desir, Lewis A. Clormeus, 2023-10-30 *Vodou and Christianity in Interreligious Dialogue* addresses both historical factors and ideological issues that created antagonism and conflict between Christians and Vodouists in Haiti. The book offers practical solutions and strategies to help create a harmonious and peaceful environment between religious practitioners associated with Vodou and Christianity. Toward this goal, this volume considers various perspectives and theories such as autobiography, anthropology, ethnographic fieldwork, religious experience, and gender to examine the subject matter. This volume offers practical examples and resources on how to engage in interreligious dialogue and promote interreligious education in Haiti. There are three philosophical and practical ideas underlying this book project: 1) it is grounded on the belief that religion has value and it could bring social goods to different communities and enhance human dignity and justice; 2) it is premised on the idea that dialogue and cooperation are necessary for nation building and human development as democratic ideals and that one of the leading functions of the world's religious traditions is to promote both cooperation and dialogue through mutual understanding and for the common good; and 3) that the power and public role of religion in society can be used as a major force of unification and peace building among divergent factions and schools of thought and to promote reconciliation, mutual respect, and friendship in the world.

Les rapports intergénérationnels dans la migration Michèle Vatz Laaroussi, 2015-08-26 T00:00:00-04:00 Plus qu'un processus d'héritage la transmission intergénérationnelle dans les familles migrantes est ce qui se construit dans et par l'exil dans et par la socialisation un nouveau monde Cet ouvrage reposant sur trois recherches menées auprès de plusieurs générations d'immigrants de différentes origines propose une analyse des rapports intergénérationnels selon des points de vue multiples tels que les rapports entre les hommes et les femmes les souvenirs et la mémoire ou encore les conflits et le dialogue

Le dialogue familial Gérard NEYRAND, 2009-01-29 L'ouvrage montre comment les différents acteurs conjoints parents enfants adolescents se débrouillent avec l'objectif paradoxal d'changer les galitairies non seulement entre les sexes mais aussi entre les générations Il rappelle que la question du pouvoir reste centrale au sein de la sphère privée alors qu'est affirmé pour chacun l'objectif de sa réalisation personnelle et de son épanouissement Pris dans ces tiraillements le dialogue s'affirme d'autant plus comme une nécessité pour l'équilibre familial mais il se révèle en bien des cas un idéal précaire Gérard Neyrand sociologue est professeur à l'université de Toulouse membre de l'équipe d'accueil Sports organisations identité s SOI directeur du Centre interdisciplinaire méditerranéen d'études et recherches en sciences sociales CIMERSS Bouc Bel Air
