, **Revue politique et littéraire**, 1906      **Revue bleue politique et littéraire**, 1906 La Revue politique et littéraire  
revue bleue      *Catalogue of the Library of Parliament* Canada. Library of Parliament, 1880      **Essays on French History  
and Historians** John Stuart Mill, 1985-12-15 J S Mill's deep interest in French intellectual political and social affairs began in  
1820 when in his fourteenth year he went to France to live for a year with the family of Sir Samuel Bentham French became  
his second language and France his second home where he died and was buried in 1873 His interest in history began even  
earlier when as a child of seven he tried to imitate his father's labours on the History of British India though he never wrote a  
history in his maturity study of the past remained a passion and helped shape the philosophy of history that informed his  
views of society and ethics His intense interest in contemporary French politics also led him to seek connections between  
historical developments and present trends both seen by him from a Radical perspective appropriate to what he believed to  
be an age of transition The English historians of France including Walter Scott and Thomas Carlyle as well as the French  
some of whom were themselves political figures are judged by their historical methods but those methods are seen as having  
practical effects in shaping as well as revealing the mind of the times This volume brings together for the first time the  
essays running from 1826 to 1849 that meld these abiding interests They give as well insights into Mill's personal aspirations  
his developing view of comparative politics and sociology his concern for freedom and his feminism During these years Mill  
worked on a published his System of Logic Book VI of which shows in condensed form the results of the speculations here  
developed reading these essays with that work which made his reputation as a philosopher enables one to see the effects of  
romanticism on analytic thought in a way not as clearly evident even in Mill's Autobiography Independently important then  
the essays in this volume also enable us to interpret anew the practical and theoretical concerns fundamental to his formative  
years and maturity John C Cairns Introduction demonstrates how the essays reveal through their reactions to the Revolutions  
of 1789 1830 and 1848 and to French historiography politics and thought the effect of France on Mill's ideas and also the  
way in which his other concerns influenced his reactions to France The texts with the variants and notes that are the  
hallmark of this edition are described in John M Robson's Textual Introduction which explains the editorial principles and  
methods      Dictionnaire D'archéologie Chrétienne Et de Liturgie, Publié Par Le R. P. Dom Fernand Cabrol ... Avec Le
