married within their community while in 1971 they typically found their mates outside This book is not only about marital patterns it is also about the ethnic groups themselves It gives detailed descriptions of the English Irish Scottish French German Italian Dutch Polish Scandinavian Ukrainian and other groups their immigration history settlement patterns and socio demographic characteristics as these all have some bearing on patterns of mate selection Le grand voyage du pays des Hurons... où il est amplement traité de tout ce qui est du pays, ses moeurs, et du naturel des sauvages... avec un dictionnaire de la langue huronne...
