Constructing Vernacular Culture in the Trans Caribbean traces the contradictory cultural trajectories constructed and reproduced in the fluid diasporic spaces we call the Trans Caribbean Particular emphasis is placed on such cultural expressions that reflect or derive from the cultural vernacular and popular culture as it exists in these spaces Its multidisciplinary approach and focus on different language areas in the Trans Caribbean are of particular interest to scholars in cultural

L'œuvre protestante présente de grandes faiblesses dues pour une large part à une méthode d'évangélisation qui consiste à transplanter en Haïti les Églises des pays d'origine de leurs fondateurs.
