Life at a Distance Vincent Duclos, 2025-06-15 In Life at a Distance Vincent Duclos recounts the story of the Pan African e Network

Branded as India's gift to the world and as a shining example of South South cooperation the Pan African e Network was an exceptionally ambitious project. Between 2009 and 2017 the network used satellite technology to connect hospitals across Africa with hospitals in India providing medical education and delivering health care for patients at a distance. Duclos shows how by accelerating the flow of expertise across continents the network also created connected enclaves at once commercial, infrastructural and medical. Life at a Distance is the story of a project that Duclos suggests acted as a medium for speculation about the future, about medical markets, the nation, South South relations and a new world order beyond Western-centric scripts.
