By providing rich context and linking research to practice, it creates a foundation for those interested in advancing the art and science of human resources in voluntary organizations. Gary R. Kirk, Virginia Tech, US. This impressive book assembles the latest research findings and thinking on the management of voluntary nonprofit sector organizations and the effective utilization of both paid staff and volunteers. This book indicates the ways in which human resource management policies and practices can improve the effectiveness of nonprofit organizations. The authors consider the roles played by nonprofit organizations in effective leadership and its development, developing the nonprofit brand, enhancing learning and skills development of both paid staff and volunteers, and encouraging and supporting organizational change. They also examine how university-based education programs are developing talent in the nonprofit sector.
