Portuguese Sheila R. Ackerlind, Rebecca Jones-Kellogg, 2011-09-01 An essential comprehensive guide for all who are interested in learning the Portuguese language and mastering its complexities Portuguese A Reference Manual supplements the phonetic and grammatical explanations offered in basic textbooks While the Manual focuses on Brazilian Portuguese it incorporates European Portuguese variants and thus provides a more complete description of the language Accessible to non linguists and novice language learners as well as informative for instructors of Portuguese and specialists in other languages this guide incorporates the Orthographic Accord in effect since 2009 2010 which attempts to standardize Portuguese orthography The Manual reflects the language as it is currently taught at both the undergraduate and graduate levels by providing detailed explanations of the sound and writing systems and the grammar of the principal Portuguese dialects A reference guide rather than a textbook the Manual also provides extensive verb charts as well as comparisons of Portuguese with English and Spanish
