Invisible Monsters Review:

Palahniuk Page by Page , Understanding Chuck Palahniuk Douglas Keesey, 2016-09-30 An introduction to the fictions of the Fight Club author who is both loved and loathed Ever since his first novel Fight Club was made into a cult film by David Fincher Chuck Palahniuk has been a consistent presence on the New York Times best seller list A target of critics but a fan favorite Palahniuk has been loathed and loved in equal measure for his dark humor edgy topics and confrontational writing style In close readings of Fight Club and the thirteen novels that this controversial author has published since Douglas Keesey argues that Palahniuk is much more than a shock jock engaged in mere sensationalism His visceral depictions of sex and violence have social psychological and religious significance Keesey takes issue with reviewers who accuse Palahniuk of being an angry nihilist and a misanthrope showing instead that he is really a romantic at heart and a believer in community In this first comprehensive introduction to Palahniuk s fiction Keesey reveals how this writer s outrageous narratives are actually rooted in his own personal experiences how his seemingly unprecedented works are part of the American literary tradition of protagonists in search of an identity and how his negative energy is really social satire directed at specific ills that he diagnoses and wishes to cure After tracing the influence of his working class background his journalistic education and his training as a minimalist writer Understanding Chuck Palahniuk exposes connections between the writer s novels by grouping them thematically the struggle for identity Fight Club Invisible Monsters Survivor Choke the horror trilogy Lullaby Diary Haunted teen terrors Rant Pygmy porn bodies and romantic myths Snuff Tell All Beautiful You and a decidedly unorthodox revision of Dante s Divine Comedy Damned Doomed Drawing on numerous author interviews and written in an engaging and accessible style Understanding Chuck Palahniuk should appeal to scholars students and fans alike

In *The Men Who Made the Monsters* Paul Jensen chronicles the careers of five men who made shamelessly scary, enjoyable, and sometimes classic films: James Whale whose films include *Frankenstein* (1931) and *The Invisible Man* (1933); Willis O'Brien's *King Kong* (1933); *Mighty Joe Young* (1949); Ray Harryhausen's *The 7th Voyage of Sinbad* (1958), *Jason and the Argonauts* (1963), *Terence Fisher's Dracula* (1958), *Frankenstein Must Be Destroyed* (1969), and *Freddie Francis's The Skull* (1965); *Tales That Witness Madness* (1973). Usually working within tight budgets and short production schedules, these three directors—Whale, Fisher, Francis—and two masters of special effects—O'Brien, Harryhausen—turned out films that proved them to be not only skillful craftsmen but artists. In *The Inhuman*, *The Unearthly*, *The Monstrous*, they found and explored the depths of our most human fears and fascinations.
