but that doesn't mean that there isn't a guide. You just need to know where to look for it. All iPhone models are relatively similar when it comes to their hardware. It's the software that's really different. Apple releases a user guide that covers all models that can run the latest operating system every time there's a major new version of the iOS, the operating system that runs on the iPhone. This Guide is a splendid companion for iPhone of all type. This is a very thorough, no-nonsense guide, particularly very useful for the newbies. This guide contains a lot of information on how you can satisfactorily use your iPhone. It is full of actionable steps, hints, notes, screenshots, and suggestions. This guide is particularly useful for newbies and seniors; nevertheless, I strongly believe that even the techy guys will find benefits reading it. Put simply, if you want to get the most out of your phone, choose this guide. This paperback has a black and white interior and a full color cover. In addition, you would get a free eBook copy of this guide when you purchase the paperback; this would allow you to clearly see all the screenshots that might not be clear enough in the black and white paperback.
