Phenomenology in Adaptation Planning Hendricus Andy Simarmata,2017-08-23 This book explores the planning knowledge that can be gleaned from the experiences of the urban poor a group frequently affected by floods Further it examines the relationship between lifeworld analysis and adaptation planning through the sociology of knowledge which plays a significant part in determining the adaptation pathway of the urban poor The book brings together empirical data to translate self reflective planning theory into the practical context examines community planning and enriches the discourse on urban adaptation Lastly it provides an adaptation planning model that can benefit academics practitioners and policymakers who wish to provide more socially accepted plans

Power Electronics Applications in Renewable Energy Systems Gilsoo Jang,2021-06-04 The renewable generation system is currently experiencing rapid growth in various power grids The stability and dynamic response issues of power grids are receiving attention due to the increase in power electronics based renewable energy The main focus of this Special Issue is to provide solutions for power system planning and operation Power electronics based devices can offer new ancillary services to several industrial sectors In order to fully include the capability of power conversion systems in the network integration of renewable generators several studies should be carried out including detailed studies of switching circuits and comprehensive operating strategies for numerous devices consisting of large scale renewable generation clusters

Honour Based Crimes and the Law Mukaddes Gorar,2021-05-10 Honour based violence and abuse manifests itself in different forms and this book offers a comprehensive understanding of this phenomenon This book argues that the limits of honour crimes must be defined more widely so that they include conducts and behaviours that originate from the patriarchal notion of honour such as honour based oppression and breast ironing The book provides a critical analysis and synthesis of the law in England and Wales and in the international human rights sphere The relevant domestic legislation and cases are examined to reflect on whether adequate protection is provided for the victims and potential victims of honour based violence and abuse Since honour based violence is a violation of human rights the relevant international human rights law is examined to illustrate the perception of such crimes in the international arena The effectiveness of any remedy for victims of honour based violence and abuse depends on its capability to change deep rooted behaviours in communities with honour based patriarchal values This book argues that the law does not provide the effective impact required in part due to patriarchal structures and that more efforts should be dedicated to changes in education It is held that there is a need for an educational programme that is especially designed to tackle violence and promote gender equality The book will be essential reading for academics researchers and policy makers working in the areas of Human Rights Law Criminal Law and Gender Studies

Evidence-based Assessment of the Sustainability and Replicability of Integrated Food-energy Systems Anne Bogdanski, 2014 The IFES AF seeks to analyse which policies and measures need to be in place to create an enabling environment for IFES. Additionally, the IFES AF will support the identification of relevant stakeholders, appropriate institutions, and the available human, technical, and financial capacity to further the adoption and replication of IFES. While the key audience for this guidance document is primarily policy and decisionmakers, it could also be useful for practitioners who wish to get a preliminary indication of whether their project has the potential to be brought to scale. Terai Forests of Nepal Sahas M. Shrestha, 2017 *Forest Systems*, 2014 Urbanization and Development, 2016 The analysis of urban development of the past twenty years presented in this maiden edition of the World Cities Report shows with compelling evidence that there are new forms of collaboration and cooperation, planning, governance, finance, and learning that can sustain positive change. The Report unequivocally demonstrates that the current urbanization model is unsustainable in many respects. It conveys a clear message that the pattern of urbanization needs to change in order to better respond to the challenges of our time to address issues such as inequality, climate change, informality, insecurity, and the unsustainable forms of urban expansion.
