- Check the end top point "A" of timing chain cross section surface and the point of chain elongation indicator which is fixed in Step 5. When the end top point "A" of timing chain is positioned at the left-hand side of chain elongation indicator, it is unnecessary to replace the timing chain because the timing chain is within the specified length. When the end top point "A" of timing chain is positioned at the right-hand side of chain elongation indicator, it is necessary to replace the timing chain because the timing chain elongates more than the specified length.

- Install the upper chain guide.
  - CAUTION**
    - Completely clean the oil residue remaining in the clearance between the guide and the timing chain.
    - Install the guide and wait 3 minutes of applying the grease.
  - Apply the grease to the point of liquid gasket to the point of elongation.
