Side by Side in Eternity James Robert McNeal, J. Eric Smith, 2023-02-27 Every gravestone in every graveyard can frame a story far more complex than the dates engraved upon it It's common for spouses to be memorialized together as a final affirmation of the commitments made in life or for bereaved parents to be buried with children who tragically preceded them in death Close proximity burials of seemingly unrelated figures can similarly reveal the tales of people who otherwise walked together in life by choice or by chance For example the Confederate burial of Union Col Robert Gould Shaw was certainly meant as a dishonor as Shaw was buried in an unmarked low lying coastal trench alongside the fallen African American members of the 54th Massachusetts Regiment he had commanded at Fort Wagner After the war however the men's remains were recovered and reinterred meaningfully still together at the newly commissioned Beaufort National Cemetery This book explores a dozen unique examples of such side by side burials over the course of U S history It begins by describing each of the protagonists final chapters before spooling out the tales and significance of their actual journeys to such interwoven endpoints The evolution of funerary practices and observances in the United States is interspersed throughout with a special focus on military honors and burials

Handbook of Correctional Institution Design and Construction United States. Bureau of Prisons, 1949 *Music-Making in U.S. Prisons* Mary L. Cohen, Stuart P. Duncan, 2022-11-08 The U S incarceration machine imprisons more people than in any other country Music Making in U S Prisons looks at the role music making can play in achieving goals of accountability and healing that challenge the widespread assumption that prisons and punishment keep societies safe The book's synthesis

of historical research contemporary practices and pedagogies of music making inside prisons reveals that prior to the 1970s tough on crime era choirs instrumental ensembles and radio shows bridged lives inside and outside prisons Mass incarceration had a significant negative impact on music programs Despite this setback current programs testify to the potency of music education to support personal and social growth for people experiencing incarceration and deepen social awareness of the humanity found behind prison walls Cohen and Duncan argue that music making creates opportunities to humanize the complexity of crime sustain meaningful relationships between incarcerated individuals and their families and build social awareness of the prison industrial complex The authors combine scholarship and personal experience to guide music educators music aficionados and social activists to create restorative social practices through music making The Prison of Democracy Sara M.
