Nordic Utopias and Dystopias Pia Maria Ahlbäck, Jouni Teittinen, Maria Lassén-Seger, 2022-11-24 The Nordic countries have long been subject to certain idealised even utopian imaginaries particularly with regard to images of pristine nature and the societal ideals of democracy equality and education On the other hand such projections inevitably invite dissent irony and intimations of the utopia s dark underside Things may yet take or may have already taken a dystopic course The present volume offers twelve contributions on utopias and dystopias in Nordic literature and culture Geographically the articles cover the Nordic countries of Denmark Finland Norway and Sweden as well as the autonomous area of Greenland Through the articles varied subjects ranging from avant garde literature and long poems to noir TV series young adult fiction popular historiography and political discourse in literature outside of Norden the volume brings forth a historically rich multi layered picture of social cultural and environmental imagination in the Nordic countries Nordic Utopias and Dystopias is thus of interest not only to specialists in dystopian and utopian research but more broadly to scholars of literature and culture and the political and social sciences especially but not exclusively in the Nordic context

vervakningssamhälle Världsstaten föregår George Orwells tematiskt likadana roman 1984 med nästan ett decennium
 Inspirationen till *Kallocain* fick Boye av den då varande samhällsutvecklingen i Tyskland där hon fick uppleva nazismens upp-
 gång på nära håll då hon tillfälligt bodde i Berlin mellan 1932 och 1933 men även av utvecklingen i Sovjetunionen. Kemisten Leo Kall
 har uppfunnit en sanningsdrog med vilken man kan vervaka och styra människors tankar och känslor för. Ur tankar och känslor
 föds ord och handlingar. Hur skulle tankar och känslor då kunna vara den enskildes ensak? Tillhör inte hela medsoldaten Staten?
 Vem skulle då hans tankar och känslor tillhöra om inte Staten? Och det visar sig att de flesta invånare hyser tankar om
 uppror och drömmar om kenstaden, en hemvist för frihet, lek och förtröende. Och Leo Kall börjar tvivla på Världsstaten och ifrå-
 gasätter sin roll som lojal medsoldat. *Kallocain* är den av Karin Boyes romaner som blivit en klassiker. I ständigt nya upplagor
 varnar den för en tillvaro präglad av våld, destruktivitet och människofrakt. Dess motbild är den vilja till något nytt trots allt som
 uttrycks av den föngslade Leo Kall och som förbilda slutorden i hans mörka historia: Jag kan inte jag kan inte utrota den
 illusionen ur min själ att jag nnu trots allt råder med om att skapa en ny värld. Wisconsin Studies in Contemporary Literature
 ,1966 **Complete Poems** Karin Boye, 1994 Karin Boye is Sweden's greatest woman poet. Born in 1900 she was a poet of
 ideas and wrote a powerful prophetic novel *Kallocain*. Her involvement in the radical literary and artistic movement Clart
 during the 1920s led to her interest in psychoanalysis which influenced her literary work as well as her personal
 development during the latter years of her life. Intellectually and emotionally she was far ahead of her time and her
 controversial writings included the novel *Crisis* in which she depicted the religious turmoil of her adolescence and her
 discovery of her own bisexuality. David McDuff's edition shows Karin Boye moving from youthful idealism to a desperate
 quest. In the early poems she is a tense modern spirit aroused to strenuous affirmations of absolute ethical loyalties but prone
 also to drift passively back into regions of the subconscious and the unconscious where mysterious natural forces take
 possession of the human spirit. Her identification with nature's dark but knowing and fertile instincts becomes more complete
 in her later work in which serene nature symbolism is mixed with ominously strained elements. Margaret Abenius's biography
 of Karin Boye is called *Afflicted by Purity*, a line from one of her poems. Her title captures the inner conflict at the heart of
 Karin Boye's poetry and the way she rose above shattering personal defeats to write with honesty, clarity of vision and
 nobility of utterance. Her poetry has a strenuously angular quality which reflects with naked candour the harsh realities of her
 tragic inner struggle which was eventually to lead to her suicide in 1941. Karin Boye is one of the trio of great Scandinavian
 women poets along with Edith Södergran and Mirjam Tuominen, all three published in English by Bloodaxe Books. **Karin**
