*Kashmir at the Crossroads* Sumantra Bose, 2021-12-07 An authoritative fresh and vividly written account of the Kashmir conflict from 1947 to the present The India Pakistan dispute over Kashmir is one of the world's incendiary conflicts Since 1990 at least 60 000 people have been killed insurgents civilians and military and police personnel In 2019 the conflict entered a dangerous new phase India's Hindu nationalist government under Narendra Modi repealed Indian administered Jammu and Kashmir's autonomous status and divided it into two territories subject to New Delhi's direct rule The drastic move was accompanied by mass arrests and lengthy suspension of mobile and internet services In this definitive account Sumantra Bose examines the conflict in Kashmir from its origins to the present volatile juncture He explores the global context of the current situation including China's growing role as well as the human tragedy of the people caught in the bitter dispute Drawing on three decades of field experience in Kashmir Bose asks whether a compromise settlement is still possible given the ascendancy of Hindu nationalism in India and the complex geopolitical context *Islamic Marketing*

Čedomir Nestorović, 2016-05-28 This book analyzes the current Islamic marketing environment Since the Muslim world is extremely diverse in terms of economic development customs and traditions and political and legal systems it is vital for companies and marketers to analyze the environment before attempting to address these markets The author emphasizes that it is ineffectual to elaborate the distribution and promotion strategies if the market does not exist in terms of purchasing power or demographics if potential consumers do not believe that products and services answer their needs and demands or if there are political and legal barriers to companies wanting to enter these markets The book offers detailed insights into the economic socio cultural and politico legal environment in the Muslim world which are essential for marketers to understand and form the foundations of effective marketing strategies *The Changing Language Roles and Linguistic Identities of the Kashmiri Speech Community*

M. Ashraf Bhat, 2017-06-23 This book operates from the premise that linguistic identities are important because they make sense to people are meaningful and have an impact on the thinking and behaviour of individuals and groups both overtly and covertly The framework outlined here synthesises key works on linguistic identity and draws together insights from a range of disciplines such as sociolinguistics linguistic anthropology discourse analysis cognitive sciences and social psychology It investigates linguistic assertions of community identity in the multilingual context of the Kashmir region in India by studying the dimensions of changing language roles and linguistic practices in relation to the process of creating and maintaining new linguistic identities under different circumstances It examines the nature of changing language roles as a combination of several linguistic and extra linguistic factors which include script uncertainty interlingual diglossia language attrition language policies of the state collective attitudes towards language's corresponding speech communities intergenerational transmission and instrumental orientation among others It demonstrates that changes in role are principally motivated by various factors which may lead to the demise of the distinct symbol and roots of the
