**Kate Moss machine** Christian Salmon, 2010      **Kate Moss Machine** Christian Salmon, 2010-10      **Kate Moss Machine** Christian Salmon, 2010-12-02

Kate Moss la brindille personnifiée les idées aux types du nouveau management des années 1990 promoteur dans les entreprises de la mobilité et de l'adaptabilité figure d'un nouveau sujet incertain parce qu'elle est flexible et même liquide qui incarne la fois la fin d'un monde et l'aube d'une nouvelle. Après Storytelling la machine raconte des histoires et formater les esprits. Christian Salmon poursuit ici son enquête sur le nouvel ordre narratif en interrogeant la figure énigmatique de Kate Moss mannequin célèbre dans le monde entier et nouveau mythe trash légende d'Internet. Avec le corps maigre et mobile de Kate Moss c'est une nouvelle figure qui apparaît au tournant du XXI<sup>e</sup> siècle celle d'un sujet idéal adaptable en toutes circonstances capable de se réinventer sans cesse travers la mise en scène et la narration de soi. Que nous dit cet idéal mossien ? Qu'il nous faut devenir stratèges de nous-mêmes des sujets aguerris capables de faire un usage intensif de nos compétences et de nos affects dans le but de donner la meilleure image possible. Qu'il n'y a pas d'autre rapport soi que ce travail de mise en valeur assisté par toutes sortes d'experts du développement personnel. Que les individus n'ont plus le choix qu'entre une vie changeable et donc stylisée relookée et coachée et une vie non stylisée mais qui ne vaut rien et dont personne ne veut. Dans cette logique exclusive nous sommes tous des mannequins anglais.

Body between Materiality and Power Nasheli Jiménez del Val, 2016-09-23

This volume situates and problematizes the points of tension implicated in diverse historical and theoretical conceptualizations of the body through a visual studies framework. By proposing materiality and power as two polarities through which the body is mobilized it highlights the interstitial function of the body as a mediator between materiality and politics beyond the body-soul-mind dichotomy. Specifically the book brings together complex analytical approaches to representations of the body in diverse media such as the visual arts television film literature architecture dance and theatre among others. As a result and to highlight the interdisciplinary dimension of this collection of essays *Body between Power and Materiality* includes texts by scholars in a wide range of fields from art historians media studies experts and sociologists to literary theorists.

*The Artist-Enterprise in the Digital Age* Xavier Greffe, 2016-06-29

This book is a monograph of cultural economics of a new concept: artist enterprises. It explores various dimensions that artists embody: i.e. aesthetic critical messianic and economic ones and screens the multiple challenges faced by the artist enterprises in terms of pricing funding and networking in the Digital Age. It shows how these artist enterprises are at the core of the contemporary creative industries. Even when they are on their own artists have to demonstrate or manage a variety of skills sign contracts both in the early and later stages of their activities and also maintain relationships and networks that enable them to attain their artistic and economic goals. They are no longer simply entrepreneurs managing their own skills but are the enterprises themselves. The artist enterprises thus find themselves at the confluence of two dynamics of production: artistic and economic. Artistic because they invent new expressions and meanings and economic because these expressions

must be supported by monetary values on the market The artistic dynamic is part of a long process of artistic enhancement and only an artist can say whether it has reached the point of presentation or equilibrium The economic dynamic is dependent on the constant endorsement of artists works by the market to ensure their survival as artist enterprises The tension created by this disparity is further aggravated by another tension the need to overcome a number of risks so that artist enterprises can progress This book will be of special interest to artists managers students professionals and researchers in the fields of the arts creativity economics and development The author is Emeritus Professor at the University Paris I Panth on Sorbonne **ZoneModa Journal 03** Giovanni Matteucci, Lucio Spaziente, 2014-01-23 **Fashion**
