taken today to hand down traditions to families so perhaps this is one you can start Take the time and make it something special Remember this is a true form of hand needle art that has been used for generations Why let it end in our generation What a shame it would be that our future could exist without the loveliness of crochet Be creative Pass it on Become part of living history Be a part of your family s history and leave them those heirlooms and legacies they deserve I wish you all happy crocheting Ready to get started Click Buy Now
