*Legendary Locals of Asheville* Kevan D. Frazier, 2014-10-20 Like all great cities Asheville's story is one of people not institutions or industries For more than two centuries deep in the Appalachian Mountains of North Carolina extraordinary women and men have created a truly unique American city *Legendary Locals of Asheville* tells the stories of the people who founded built and rebuilt Asheville From the first woman elected to state office in the South who won her primary before women had the right to vote to the grandson of a famed railroad magnate who built a 250 room chateau that became the largest home in America to the entrepreneur who helped ignite the city's renaissance when he risked opening an art gallery downtown when most of it was still boarded up Ashevilleans are an amazing lot Likewise there are stories of extraordinary groups like the renowned faculty of an experimental college that redefined the American arts or the brave high school students who joined together to fight segregation Their stories are as touching and fascinating as they are varied **The Last Castle** Denise Kiernan, 2017-09-26 A New York Times bestseller with an engaging narrative and array of detail *The Wall Street Journal* the intimate and sweeping *Raleigh News Observer* untold true story behind the Biltmore Estate the largest grandest private residence in North America which has seen more than 120 years of history pass by its front door The story of Biltmore spans World Wars the Jazz Age the Depression and generations of the famous Vanderbilt family and features a captivating cast of real life characters including F Scott Fitzgerald Thomas Wolfe Teddy Roosevelt John Singer Sargent James Whistler Henry James and Edith Wharton Orphaned at a young age Edith Stuyvesant Dresser claimed lineage from one of New York's best known families She grew up in Newport and Paris and her engagement and marriage to George Vanderbilt was one of the most watched events of Gilded Age society But none of this prepared her to be mistress of Biltmore House Before their marriage the wealthy and bookish Vanderbilt had dedicated his life to creating a spectacular European style estate on 125 000 acres of North Carolina wilderness He summoned the famous landscape architect Frederick Law Olmsted to tame the grounds collaborated with celebrated architect Richard Morris Hunt to build a 175 000 square foot chateau filled it with priceless art and antiques and erected a charming village beyond the gates Newlywed Edith was now mistress of an estate nearly three times the size of Washington DC and benefactress of the village and surrounding rural area When fortunes shifted and changing times threatened her family her home and her community it was up to Edith to save Biltmore and secure the future of the region and her husband's legacy This is the fascinating soaring and gorgeous Karen Abbott story of how the largest house in America flourished faltered and ultimately endured to this day [Nantahala River, The: A History & Guide](#) Lance Holland, 2020 Most everyone who comes to western North Carolina has heard of the Nantahala but few know its history Long before it was a mecca for rafters and thrill seekers it was traveled by naturalists and explorers from William Bartram to John C Fremont After the Cherokees were driven out settlers arrived and began exporting the wealth of the mountains in the form of timber talc and minerals Tourists arrived on the Western Turnpike soon after and the railroad

brought more around 1890 The federal government began purchasing land for the new Nantahala National Forest and the need for aluminum to fight World War II precipitated the construction of Fontana Lake and Nantahala Lake Local author Lance Holland has crafted an enlightening and entertaining narrative history of this unique region **Unexplained South** Dr. Alan N. Brown,2023 In the South mystery comes heaped with added richness And in this collection of comfort food for the curious mind author Alan Brown guides readers into the most delightful medley of mystery the South has on offer Witches in Tennessee The devil s hoofprints in North Carolina Voodoo in New Orleans In this South meat rains from the sky in Bath Kentucky A professor s thigh makes the case for spontaneous combustion in Nashville UFO induced radiation sickness befalls Huffman Texas From bluesman Robert Johnson selling his soul to the devil in Arkansas to the oak tree that defends the innocence of a man executed in Mobile sometimes the inexplicable is truly the most satisfying *If Trees Could Testify...* A novel based on the true story of Madison County's infamous Gahagan murders William D. Auman,2021-06-10 IF TREES COULD TESTIFY is a historical mystery novel based on the true story of Madison County s infamous Gahagan murders The homicides occurred near the Appalachian mountain town of Marshall North Carolina known by some as the Jewel of the Blue Ridge but known by locals to be a block wide a mile long sky high and hell deep The French Broad River bisects the town which harbors both ghosts from Civil War events and the lore of mermaids On a quiet summer night in 1983 two elderly siblings were tragically murdered in their colonial Georgian style home across from Big Laurel Creek Known for their distrust of banks and having a collection of antiques gold and silver coins it was naturally assumed that robbery was the principal motive for the double homicide The murders captivated a close knit rural community for nearly two decades as the local family roots of the victims dated all the way back to the early 1800s During the years that followed the senseless tragedy a time during which the home was boarded up and abandoned local folks rumored that they had occasionally seen the house lit up like a Christmas tree at night There were also stories where the ghost of an elderly woman walking and swinging a lantern was reportedly seen along the highway which runs adjacent to the property Some county residents have further claimed to have seen this apparition standing in a window on the second floor of the home during the time that it was vacant Suspects came and went as the case investigation spanned three different sheriff administrations Who done it rumors abounded with theories of involvement ranging from organized crime to outlaw biker gangs to even local family members Finally almost eighteen years after the murders warrants were issued charging a father and two of his sons with having committed the crimes The defendants maintained their innocence throughout the course of the legal proceedings which blazed a trail of intrigue with numerous twists and turns along the way According to Fred Hughes at the time the publisher and editor of the Madison News Record and Sentinel a Hollywood film crew was interested in producing a major motion picture based on the case As noted in a subsequent editorial Hughes was reasonably certain that the story could have made the silver screen as it was full of stranger than life events This book should be categorized as a fictional mystery novel which

is based on the true story of the murders and subsequent prosecution of those accused Names have been changed to protect the innocent as well as the potentially guilty and a haunting tale is told with a focus on the search for justice for both victims and defendants Colorful characters including the draft dodging son of a snake handling minister intertwine with more serious undertones as a surprise ending eventually unfolds The author William Auman was the principal defense attorney in the actual case and provides the reader with a dramatic and informative account of what was otherwise a tragedy to many
