Lonely Planet Guide To Micronations:

Surveying the American Tropics Maria Cristina Fumagalli, Peter Hulme, Owen Robinson, Lesley Wylie, 2013-07-01 A collection of essays from distinguished international scholars that explore the idea of a literary geography of the American Tropics

Micronations and the Search for Sovereignty Harry Hobbs, George Williams, 2022-01-06 Political disagreement is a fact of life. It can prompt people to stand for public office and agitate for political change. Others take a different route: they start their own nation. *Micronations and the Search for Sovereignty* is the first comprehensive examination of the phenomenon of people purporting to secede and create their own country. It analyses why micronations are not states for the purposes of international law, considers the factors that motivate individuals to separate and found their own nation, examines the legal justifications that they offer, and explores the responses of recognised sovereign states. In doing so, this book develops a rich body of material through which to reflect on conventional understandings of statehood, sovereignty, and legitimate authority. Authored in a lively and accessible style, *Micronations and the Search for Sovereignty* will be valuable reading for scholars and general audiences.

Micronational Dictionary Zabëlle Skye, 2025-01-29 The foremost dictionary of slang used by the micronational community lists over 566 words with 698 different senses/definitions. Also included are special separate chapters with detailed histories on the origins and spread of the words *micronation* and *micropatriology*, as well as a detailed history on other online micronational dictionaries that predated this one.

Micronational Dictionary: Second Edition Zabëlle Skye, 2023-05-15 The second edition of the *Micronational Dictionary* includes the definitions, etymologies, usages, and pronunciation guides to various words within intermicronational jargon from 1964 to 2023. Written by Zabëlle Skye and published by Sonder Traverse Press, the publishing house of the Institute of Micropatriological Research (IMR), this second edition includes 50 new entries for a total of 211, as well as a preface and three-page history of the origin, evolution, and popularisation of the word *micropatriology*, never before known until now.

The Palgrave Handbook of Utopian and Dystopian Literatures Peter Marks, Jennifer A. Wagner-Lawlor, Fátima Vieira, 2022-03-15 The *Palgrave Handbook of Utopian and Dystopian Literatures* celebrates a literary genre already over 500 years old. Specially commissioned essays from established and emerging international scholars reflect the vibrancy of utopian vision and its resiliency as an idea, genre, and critical mode. Covering politics, environment, geography, body and mind, and social organization, the volume surveys current research and maps new areas of study. The chapters include investigations of anarchism, biopolitics, and postcolonialism, and study film, art, and literature. Each essay considers central questions and key primary works, evaluates the most recent research, and outlines contemporary debates. Literatures of Africa, Australia, China, Latin America, and the Middle East are discussed in this global, cross-disciplinary, and comprehensive volume.
