

CHAPTER 9

APPEALS TO THE COMMISSION

I. INTRODUCTION

Section 1614.401(a)-(c) identifies those entitled to file appeals to the Commission. Section 1614.402(a) provides that appeals to the Commission must be filed by an appellant **within thirty (30) days¹⁰** of receipt of an agency's dismissal, final action, or decision. If the complainant is represented by an attorney of record, the 30-day time limit shall begin to run from the date of receipt by the attorney of the notice of dismissal, final action, or final decision. If an agency determines not to implement the decision of an Administrative Judge either in full or in part, it must notify the complainant of its determination in a final order issued **within forty (40) days** of its receipt of the Administrative Judge's decision and it must simultaneously file an appeal with the Commission. All such appeals must be filed with the Commission at the following address:

Equal Employment Opportunity Commission
Office of Federal Operations
P.O. Box 77660
Washington, DC 20013

As an alternative to mailing, appeals may be hand-delivered to:

Equal Employment Opportunity Commission
Office of Federal Operations
131 M Street, NE
Suite 55W12G
Washington, DC 20507

As a further alternative, appeals may be sent by fax to:

(202) 663-7022

The appellant shall furnish a copy of the appeal to the opposing party at the same time it is filed with the Commission. In or attached to the appeal to the Commission, the appellant must certify the date and method by which service was made on the opposing party.

The individual appellant should use EEOC Form 573, Notice of Appeal/Petition. A copy of the Form is attached as Appendix K to this Management Directive. The agency shall attach a copy of EEOC Form 573 to all decisions, actions, and dismissals of equal employment complaints. The Commission has prepared a separate form that agencies may use to file appeals with the Commission. A copy of that form is attached as Appendix O.

Systems Librarianship Brigid M. Gonzales, 2020-06-12 Systems Librarianship A Practical Guide for Librarians offers new systems librarians and interested LIS students foundational knowledge about the field of systems librarianship as well as practical information and strategies for common projects like migrating a library system and technology planning With up to date information based on a survey of 200 practicing systems librarians the current professional literature and on the job experience this practical guide covers everything a new systems librarian should know in order to succeed in this field The first half of the book covers background information about the systems librarian position hiring trends and job searching tips as well as essential knowledge on library systems like the ILS content management systems and emerging technology The second half of the book provides how to information for some of the most common and often daunting projects a new systems librarian might be expected to take on including systems migration website redesign technology planning and project management Also included are where to find useful resources and support from the library community such as pertinent listservs professional associations conferences and journals blogs and other professional content Finally the book features informational interviews with over a dozen systems librarians working in a variety of library types across the professional spectrum offering their experienced takes and advice on libraries technology and the profession While new systems librarians can often feel overwhelmed and underprepared for their first professional position this book

will serve as a useful resource for navigating the ins and outs of this dynamic and challenging field **The Scientists Who Alerted Us To The Dangers of Radiation** Ian Fairlie, Cindy Folkers, 24-03-29 This book remembers and commemorates many brave radiation scientists most of whom are no longer with us These scientists published findings that radiation risks were more dangerous than officially accepted at the time However they often suffered as a result from official displeasure defamatory articles and public obloquy Scientific findings especially recently have revealed that these defamed and or disadvantaged scientists were actually correct in their assessments that official risk factors for radiation were too low and needed to be increased The lives of these scientists are discussed from early radiation pioneers including Ernest Rutherford Hermann Mueller and Linus Pauling to contemporary scientists such as Steve Wing **The Essential Hayim Greenberg** Hayim Greenberg, 2017-02-15 This landmark collection showcases the writings of Hayim Greenberg a founder of the Labor Zionist movement in America and a foremost writer thinker and activist in the fields of twentieth century Jewish culture and politics **Handbook of Pediatric Transfusion Medicine** Christopher D. Hillyer, Christopher Hillyer, Ronald Strauss, Naomi Luban, 2004-02-23 Structured to be a companion to the recently published Handbook of Transfusion Medicine the Handbook of Pediatric Transfusion Medicine is dedicated to pediatric hematology oncology and transfusion medicine a field which remains ambiguous and which has generated few comprehensive texts This book stands alone as one of the few texts that addresses transfusion issues specific to pediatric medicine Written in an eminently readable style this authoritative handbook is a requirement for any pediatric physician or caregiver Neonatal and fetal immune response and in utero development issues Blood compatibility and pre transfusion testing issues specific to pediatric and neonatal transfusion Therapeutic apheresis including red blood cell exchange and prophylactic chronic erythrocytapheresis for sickle cell patients Also includes a section that concentrates on the consent quality and legal issues of blood transfusion and donation
