The Human Paradox Frank Gaffikin, 2023-06-16 In *The Human Paradox* Worlds Apart in a Connected World author Frank Gaffikin probes widely and meticulously into our past and present to analyse the connections between the many acute polarisations that mark contemporary times Addressing profound issues related to Trumpism Brexit the outbreak of Covid 19 and ensuing pandemic and environmental change the book argues that beneath all the present social tumult lies a fundamental dilemma for human stability and progress namely how we can be estranged from what we refer to as humanity The book begins with an appraisal of populism and authoritarian nationalism and later explores whether in our human development we are bound for enhancement or extinction Interrogating these big ideas further the book identifies three central challenges that confront us as a society living on the planet living with the planet and living with one another on the planet These challenges prompt a re think of what it is to be human and social and hinging on these key themes the book thus concludes with consideration of a radical agenda for future social improvement Rather than peering through the conventional lenses offered by separate disciplines this book argues for interdisciplinary appreciation and recognition especially so if we are to address the dilemma at the center of its concern The *Human Paradox* will appeal to readers interested in the major conflicts of our times as well as students of subjects including sociology politics history and economics

Epidemic Films to Die For Tom Zaniello, 2024-10-17 Epidemic cinema remains an enduring genre of contemporary film ranging from medical dramas to post apocalyptic thrillers Using a vast filmography Zaniello not only details the incredible variety of epidemics and their role in popular culture but also demonstrates how epidemics as a rule have been confronted without proper preparation or deployment of resources in different forms of media Therefore *Epidemic Films to Die For* is the first and the only book that extensively analyzes the history and deployment of films and TV series towards a chronicle of epidemic films In addition to providing an overview of how widespread disease and illness have been historically depicted via film and media this book skillfully contextualizes the contemporary ongoing moment in which filmmakers and producers grapple with the cultural imaginary surrounding the COVID 19 pandemic

Media, Environment and the Network Society A. Anderson, 2014-09-18 The news media has become a key arena for

staging environmental conflicts Through a range of illuminating examples ranging from climate change to oil spills Media Environment and the Network Society provides a timely and far reaching analysis of the media politics of contemporary environmental debates **Breakthroughs** ,2012
