you more control of your car in every situation from a passing maneuver to descending a snowy hill You've heard driving a  
stick shift car is more economical at the gas pump You've heard it's more fun But you've also heard it's hard to learn There  
are gearshifts to master your engine can stall your car can roll backward on a hill and understanding the clutch is a  
nightmare So what if I told you using a clutch is no more difficult than using a faucet or that your car's handbrake is a lot  
more than just a parking brake or that I can teach you in one sentence how to avoid ever stalling your engine I've already  
taught thousands of people how to drive stick men and women of all ages normal people not engineering students or race car
