The Handbook of Language Contact Raymond Hickey, 2020-09-01 The second edition of the definitive reference on contact studies and linguistic change provides extensive new research and original case studies Language contact is a dynamic area of contemporary linguistic research that studies how language changes when speakers of different languages interact Accessibly structured into three sections The Handbook of Language Contact explores the role of contact studies within the field of linguistics the value of contact studies for language change research and the relevance of language contact for sociolinguistics This authoritative volume presents original findings and fresh research directions from an international team of prominent experts Thirty seven specially commissioned chapters cover a broad range of topics and case studies of contact from around the world Now in its second edition this valuable reference has been extensively updated with new chapters on topics including globalization language acquisition creolization code switching and genetic classification Fresh case studies examine Romance Indo European African Mayan and many other languages in both the past and the present Addressing the major issues in the field of language contact studies this volume Includes a representative sample of individual studies which re-evaluate the role of language contact in the broader context of language and society Offers 23 new chapters written by leading scholars Examines language contact in different societies including many in Africa and Asia Provides a cross section of case studies drawing on languages across the world The Handbook of Language Contact Second Edition is an indispensable resource for researchers scholars and students involved in language contact language variation and change sociolinguistics bilingualism and language theory

Multilingualism in the Early Years Sandra Smidt, 2016-04-19 Multilingualism in the Early Years is a highly accessible text that examines the political theoretical ideological and practical issues involved in the education of children speaking two or more languages Drawing on current research and thinking about the advantages and disadvantages of being multilingual Smidt uses powerful case studies to reveal how language or languages are acquired She explores language in terms of who shares it its relationship to class culture power identity and thinking and its fascinating role as it moves from the personal to the public and political More specifically the book studies what it means to be bilingual through an analysis of the language histories submitted by a range of people how languages define people a brief history of minority education in the UK how practitioners and teachers can best support all young children as learners whilst they continue to use their first languages and remain part of and partners in their communities and cultures being bilingual an advantage or a

disadvantage the impact of multilingualism on children's educational and life chances Multilingualism in the Early Years is a really useful text for practitioners working with multilingual children as well as any student undertaking courses in early childhood education Contemporary Jewish Communities in Three European Cities Lilach Lev Ari, 2022-02-07

Contemporary Jewish identity integration and acculturation in Europe has become an urgent topic in view of the current wave of antisemitism and reliable research on the present state of Jewish identity is scarce Lilach Lev Ari has chosen three ethnically diverse communities Paris Brussels and Antwerp that can shed a light on the identity and acculturation of the Jewish minority in Europe To understand patterns of social integration of native born and immigrant Jews in the three host societies she applies the correlational quantitative method and has conducted semi structured interviews The study can promote further understanding of Jewish continuity within the non Jewish host societies in a situation when there is a concern about the resilience and strength of the Jewish communities vis vis new waves of antisemitism **Ladino on the**

Internet Carlos Yebra López, 2024-12-20 Ladino on the Internet constitutes the first critical and systematic account written in English on the online revitalisation of Ladino This book conclusively demonstrates that nowadays the global Ladino speaking community connects first and foremost online which calls for a full comprehensive examination of the web based development of the Sephardic diaspora including that of Ladino as a qualitatively different stage termed Sepharad 4 in this monograph Drawing upon the methodological framework of Revivalistics and including a comparative analysis with similar initiatives apropos Yiddish this volume analyses case studies including YouTube digital archives social media platforms language learning apps online schools and Ladino on Netflix plus on Web 3.0 platforms This monograph will appeal to scholars and postgraduate students seeking to familiarise themselves with the use of technological tools to further the revitalisation of endangered languages such as Ladino The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY 4.0 license *The Languages of a Bilingual Community* J. R. Rayfield, 1970 The object of this study is to contribute to knowledge of the processes by which a language changes under the influence of contact with another language Introduction

Teaching Language, Learning Culture Richard M. Swiderski, 1993-07-30 Whenever a new language is learned a new culture is also learned Swiderski provides instructive examples of language learning situations by describing multilingual events using more than twenty of the world's languages All aspects of language learning from the physical environment of the classroom to the perceptions of events and emotions that languages express are considered Australian aboriginal languages and Native American languages are analyzed to illustrate the world of differences of which English Chinese and Russian are also a part The politics of language teaching and the effect of language policy in the classroom are brought out in concrete examples This study will be of interest to language teachers and the general international community as well
