fantastic The best part is it didn't cost anywhere near the price that are sold in stores It is very sturdy and my son just loves it I got a cheap under the bed train trundle and it fits nicely under the table Now our son has his train tracks set up all the time No pulling it apart and putting it back together again day after day I would advise anyone who is looking for a train table to get these plans

Testimonial Wendy Charlotte NC USA This was my first big project that I built from scratch We live in an apartment so we didn't have a garage or the like to do construction work yet I was able to do much of it in our living room I did sand and stain it on our porch I stained the table pecan to match our son's bedroom furniture I painted the top freehand with acrylic paints then sealed it I am so very happy I chose to do this project We have a 21 2 and a 31 2 year old running around here The trains will come for Christmas so now we are playing with safari animals matchbox cars etc on it and are enjoying every minute It is very sturdy we will be enjoying it for a long time to come

Testimonial Steven Maidstone Kent England I made Madeline's table for my 3 year old son Rowan for his birthday He loves it and has played with it every day To my surprise I have had difficulty convincing some of our friends that it's not from a shop I made the table slightly smaller than your plans because the average house in England is somewhat smaller than in the U S

Testimonial Michele's Husband Brampton Ontario Canada Matthew our 4 year old son is getting a lot of pleasure out of the train table his daddy made him My husband found it was very easy to Our local building store cut the wood using your dimensions We stained it to match the wood in our home and customized the table with cut outs from a Thomas the Tank Engine peel and stick wall paper border The plastic storage containers underneath hold my son's train equipment plus other toys We have had hours of fun together playing with his train set Now I do not have to bend down on the floor anymore LOL This table will grow with our son's interests too electric trains race car tracks Lego the possibilities are endless
