Warfare and Waves Peter Herriot, 2015-12-11 Why is the Church of England perceived by many as homophobic misogynist or just plain weird Because two movements within it the Calvinists and the Charismatics have recently achieved a degree of influence disproportionate to their numerical strength And how has this come about Both movements are well organized and wealthy The Calvinists have played the media and ecclesiastical politics games with skill and determination while sternly identifying themselves as guardians of the one true Reformed doctrine having no truck with the world The Charismatics on the other hand have embraced many elements of late modern culture but retain a premodern worldview Peter Herriot argues that to recover from the opportunity costs and reputational damage that it has suffered at their hands the Church of England must seize back the agenda from the Calvinists and face outwards rather than inwards In its efforts to come to terms with globalization the elephant in the Anglican crypt the church s leadership will need to sideline the Calvinists and encourage the Charismatics with their recent increased social involvement Written by a social psychologist this book is full of detailed case studies that give a vivid insight into the organizational structures and subcultures of these two very different evangelical movements

Shaped for Service Paul W Goodliff, 2017-11-30 In the English speaking Western world alone thousands of men and women begin formal training for Christian ministry each year or informally seek to equip themselves for pastoral ministry Over the past fifty years the ancient world of virtue ethics has been re imagined as a means of forming people of character and morality today In Shaped for Service this experience is used as the framework to understand what we are doing as we form Christian ministers now and how we might strengthen that development by more consciously linking the practices of ministry with the person spirituality and wisdom of the practitioner Writing from the context of a lifetime of pastoral ministry and the oversight of ministers in the Baptist Union of Great Britain Goodliff explores what pastors do and who they are called to be using a mixture of theological and pastoral enquiry reflections upon art and personal story This book will be of interest to those who are charged with forming the next generation of ministers but anyone beginning that journey of formation for ministry themselves will also find this vision of ministry challenging and inspiring
