*Minneapolis Riverfront*, The Iric Nathanson, 2014 With the Mississippi River s only true waterfalls at its front door Minneapolis harnessed the power of the falls to become an international milling center Changing market conditions though forced Minnesota s largest city to give up its preeminent position in the milling world after World War I As the local milling industry gradually faded away Minneapolis turned its back on its riverfront origins By 1950 a once bustling commercial area along the banks of the Mississippi had become an industrial wasteland Then a decade later the seeds of renewal were planted when some urban pioneers recognized the potential of this long ignored historic district By the first decade of the 21st century the riverfront had reemerged as a vibrant residential cultural and recreational center Publisher s website

**World War I Minnesota** Iric Nathanson, 2016-05-23 When the United States made a formal declaration of war on April 6 1917 Minnesotans answered the call to arms Duluth with its strategic location at the head of the Great Lakes emerged as a major shipbuilding center Over forty thousand men registered for the draft in Minneapolis alone Yet many members of the state s large German American population struggled with divided loyalties A xenophobic fervor swept through the state at an alarming rate forcing the government to establish a Commission on Public Safety to stifle wartime dissent With more than fifty period photos and illustrations author Iric Nathanson brings to life the daily struggles and triumphs of Minnesotans in the Great War

**DOWNTOWN MINNEAPOLIS** Iric Nathanson, 2017-01-23 Downtown Minneapolis evolved from a collection of modest frame buildings on the banks of the Mississippi River to the high rise center of a modern American metropolis With a burgeoning milling industry powering the local economy the early frame structures soon gave way to substantial brick and masonry buildings lining the streets of a bustling 19th century commercial district Downtown continued to prosper during the early years of the 20th century aided by advances in transportation and communications The heart of the city held its own during the Great Depression and World War II but the postwar era brought new challenges as a suburban boom threatened the city s economic foundation Enterprising local leaders responded with innovative developments to meet these challenges and a reinvigorated downtown took on a new role as the site of a dynamic new residential community now home to nearly 40 000 city residents
