Mistress Within English Edition:

Maids and Mistresses, Cousins and Queens Susan Frye, Karen Robertson, 1999-01-28 This collection of sixteen essays considers evidence for the varied forms of women's alliances in early modern England. Women who were prohibited from direct participation in the institutional structures that shaped the lives of men constructed informal connections with other women for survival, advancement and creativity. The essays presented here consider a variety of communities formed among groups as diverse as serving women, vagrants, aristocrats and authors in order to consider the historical traces of women's connections.

Woman and the Feminine in Medieval and Early Modern Scottish Writing Evelyn S. Newlyn, 2004-04-29 This collection is the first critical and theoretical study of women as the subjects of writing and as writers in Medieval and Early Modern Scottish literature. The essays draw on a diverse range of literary, historical, cultural and religious sources in Scots Gaelic and English to discover the complex ways in which Woman was represented and by which women represented themselves as creative subjects. *Woman and the Feminine in Medieval and Early Modern Scottish Writing* brings to light previously unknown writing by women in the early modern period and offers as well new interpretations of early Scottish texts from feminist and theoretical perspectives.
