Act III

Macbeth plans to overturn the witches' prophecy that Banquo's sons will become kings by sending two murderers to kill both Banquo and his son, Fleance. (i.) Macbeth no longer needs Lady Macbeth's involvement and bids her be "innocent of the knowledge" of his decisions. (ii.) A third murderer, obviously not known by the other two, joins them, and although Banquo is slain, Fleance escapes. (iii.)

At the banquet, Macbeth is terrified by the bloody ghost of Banquo. Since no one else sees the apparition, Lady Macbeth attempts to excuse his behavior and eventually has to end the banquet. Macbeth determines to visit the witches again. (iv.)

Suspicion of Macbeth is mounting, and Macduff joins Malcolm in England. (vi.)

Scene I

1. At the beginning of this scene, Banquo is giving a speech. What threat does Banquo pose to Macbeth? Why do you think he has kept the information about the witches to himself?
Banquo is suspicious—he knew the prophesy and could tell others. Banquo's sons are part of the prophesy.
2. What does the First Murderer mean in line 92 when he says, "We are men"?
As men, they would not allow themselves to be disrespected. The outrage cannot go unpunished (echoes Lady Macbeth).

Scene II

3. From lines 4-7 of this scene, what has Lady Macbeth realized about her actions? How might this be a turning point for her character?
**Nothing is gained if still unhappy—
Paid a huge price –
Shows she is beginning to doubt their actions.**
4. Who does Macbeth feel is getting better sleep than he is at this point? What would cause him to say this?
The dead king Duncan sleeps better than Macbeth who continues to be robbed of sleep because of his guilt for committing such an unholy action.
5. Why do you think Macbeth creates a plan without letting Lady Macbeth in on it?
No longer needs her help. She tells him to let nature take its course and not to do anything.
6. *Dramatic irony* occurs when actions/ words of characters take on a different meaning than intended. What is the irony behind Macbeth's comments about disguising the couple's real conflict with Banquo?
Macbeth tells Lady Macbeth they need to disguise their feelings, but she doesn't know he is plotting Banquo's murder.

Scanlan,1964 **Successful Remembering and Successful Forgetting** Aaron S. Benjamin,2011-01-07 The chapters in this volume are testament to the many ways in which Robert Bjork's ideas have shaped the course of research on human memory over four decades It showcases the theoretical advances and recent findings by researchers whose work and careers have been influenced by Bjork The first group of chapters explore the idea that forgetting is an adaptive response to the demands of a retrieval system fraught with competition an idea that has helped recalibrate conceptualizations of memory

away from one in which the computer is the dominant metaphor. Several chapters then review the application of research on learning and memory to enhancing human performance reflecting Bjork's staunch commitment to translating his findings and theories to real world settings. Later chapters address topics that are relevant to the translation of cognitive psychology to human performance and in particular recognize the critical role of metacognition in such problems. The final chapters cover a variety of issues related to how remembering can be enhanced and how research on remembering can be profitably guided by the use of mathematical modeling. This volume will appeal to researchers and graduate students of human learning, memory and forgetting and will also benefit an audience working in applied domains such as training and education.
