B. Abrams,2022-07-18 China and America s Tech War from AI to 5G examines how Sino U S geopolitical competition has increasingly centered on the performances of the two countries technology sectors and their ability to dominate development of critical next generation technologies It analyzes and compares the strengths of China and the U S ranging from the ability to produce and attract

talent to the degree of government support and the scale and funding for technological research Abrams reviews and weighs important technology areas such as green energy artificial intelligence Quantum Computing and 5G will likely have the means both parties have exercised to gain advantages and the consequences of leadership for the country who attains it

**Red Alert** Stephen Leeb, 2011-10-19 I would caution readers to dismiss Stephen Leeb's warnings only at their peril Thomas Kaplan chairman Tigris Financial Group The American Dream is close to being replaced by a living nightmare Key commodities that are essential to our daily lives and that are widely believed to be abundant are running critically short Even worse the Chinese are doing what they can to monopolize the world's dwindling resources The U S is now largely dependent on our greatest economic rival for rare earth elements as well as a host of other minerals all of which are absolutely essential to the development of alternative energies and are critically important for our defense industry computers cell phones and other electronic devices While America has been fighting wars in Iraq and Afghanistan China has focused its substantial muscle on securing vital commodities from these and other lands to upgrade its infrastructure and industrial strength to meet the resource challenge head on China has wrapped itself in the green flag of combating climate change while systematically discouraging other nations from adopting similar policies in a bid to gain time to achieve its plans Red Alert is a provocative and frightening look at the growing political economic and social power of China and the threat that nation poses to the Western world It lays out how the Chinese are strategizing to overtake the United States as the world's premier economic power and details how our failure to respond quickly will result in a permanently lower standard of living for Americans Peppered with startling statistics charts and evidence of how China continues to expand its economic reach Red Alert is both controversial and powerful in its scope

**Wireless Wars** Jonathan Pelson, 2021-09-28 A 2024 US AIR FORCE LEADERSHIP LIBRARY BOOK NATIONAL INDIE EXCELLENCE AWARDS WINNER TECHNOLOGY As the world rolls out transformational 5G services it has become increasingly clear that China may be able to disrupt or even access the wireless networks that carry our medical financial and even military communications This insider story from a telecommunications veteran uncovers how we got into this mess and how to change the outcome In Wireless Wars China's Dangerous Domination of 5G and How We're Fighting Back author Jon Pelson explains how America invented cellular technology taught China how to make the gear and then handed them the market Pelson shares never before told stories from the executives and scientists who built the industry and describes how China undercut and destroyed competing equipment makers freeing themselves to export their nation's network gear and their surveillance state He also reveals China's successful program to purchase the support of the world's leading political business and military figures in their effort to control rival nations' networks What's more Pelson draws on his lifelong experience in the telecommunications industry and remarkable access to the sector's leaders to reveal how innovative companies can take on the Chinese threat and work with counterintelligence and cybersecurity experts to prevent China from closing the trap He offers unparalleled insights into how 5G impacts businesses

national security and you Finally Wireless Wars proposes how America can use its own unique superpower to retake the lead from China This book is about more than just 5G wireless services which enable self driving cars advanced telemedicine and transformational industrial capabilities It s about the dangers of placing our most sensitive information into the hands of foreign companies who answer to the Chinese Communist Party And it s about the technology giant that China is using to project its power around the world Huawei a global super company that has surged from a local vendor to a 120 billion a year behemoth in just a few years For anyone curious about the hottest issue at the intersection of technology and geopolitics Wireless Wars offers an immersive crash course and an unforgettable read
