Heinrich von Kleist

Michael Kohlhaas

Michael Kohlhaas German Edition

Ian Pickup

Michael Kohlhaas German Edition:

The Stories of Heinrich von Kleist: A Critical Bilingual Edition Johannes Contag, 2025-10-27 Heinrich von Kleist 1777 1811 is one of Germany's pre-eminent writers and his works have remained as captivating and thought provoking as ever. Although translated into English previously, this is the first scholarly bilingual edition of Kleist's stories wherein his dictional idiosyncrasies are rendered closely and systematically. Comprehension is aided by lexical, intertextual and translational annotations and individual story commentaries offer historical context and interpretational starting points. This second of two volumes is based on Kleist's collection *Erzählungen Zweiter Theil* 1811 and includes an introduction to Kleist's Anglophone reception and to the stories, previous translations as well as a detailed appendix that outlines Contag's own translational processes.

Heinrich von Kleist, 2023-11-20 The works and biography of Heinrich von Kleist have fascinated authors, artists and philosophers for centuries and his enduring relevance is evident in the emblematic role he has played for generations. Kleist's prose works remain utterly unique seventy years after Thomas Mann described their singular appeal; his dramas remain disturbingly current four decades after E. L. Doctorow characterized their modernity and twenty-first century readers need not read far before finding the unresolved questions of the current century in Kleist. *Heinrich von Kleist: Artistic and Aesthetic Legacies* explores examples of Kleist's impact on artistic creations and aesthetic theory spanning over two centuries of seismic metaphysical crises and nightmare scenarios from Europe to Mexico to Japan to manifestations of the American Dream.

Catalogue of Printed Books British Museum, 1891

[Selected Stories](#) Franz Kafka, 2024-05-21 *Selected Stories* by Franz Kafka offers new renderings of the author's finest work. Mark Harman's English translations convey the uniqueness of Kafka's German: the wit, irony and cadence. Expert annotations illuminate Kafka's cultural allusions and wordplay while a biographical introduction places the man and his work in historical context.

Middling Romanticism Zachary Sng, 2020-06-02 Romanticism is often understood as an age of extremes yet it also marks the birth of the modern medium in all senses of the word. Engaging with key texts of the romantic period, the book outlines a wide-reaching project to re-imagine the middle as a constitutive principle. Sng argues that Romanticism dislodges such terms as medium, moderation and mediation from serving as mere self-evident tools that conduct from one pole to another. Instead, they offer a dwelling in and with the middle, an attention to intervals, interstices and gaps that make these terms central to modern understandings of relation.

Sovereignty and Its Other Dimitris Vardoulakis, 2013-08-01 In this new book Dimitris Vardoulakis asks how it is possible to think of a politics that is not commensurate with sovereignty. For such a politics, he argues, sovereignty is defined not in terms of the exception but as the different ways in which violence is justified. Vardoulakis shows how it is possible to deconstruct the various justifications of violence. Such dejustifications can take place only by presupposing an other to sovereignty which Vardoulakis identifies with radical democracy. In doing so, *Sovereignty and Its Other* puts forward both a novel critique of sovereignty and
