THE PRESIDENT* Rama Raju, 20% of net proceeds will be donated to organizations that fight voter suppression and support voting rights We are all created equal but not our votes In 2016 Hillary Clinton beat out Donald Trump for the popular vote and by millions of votes in states like California and New York In a winner take all format she was given all the electoral college votes for those states Unfortunately the millions of additional voters in favor of Clinton in those states were basically worthless Conversely since Trump didn't win electoral college votes in those states the millions of Californians and New Yorkers who voted for him were also statistically irrelevant They had no part in getting him elected Trump won the election because of his voters mainly in Michigan Wisconsin Pennsylvania Florida and Arizona Combined together he won by just 314 000 votes in just those 5 states alone Voters in those five states were statistically more important than the millions of voters in California and New York What if just a fraction of Clinton's excess voters in California New York Illinois Massachusetts and Maryland moved to battleground states like Michigan Wisconsin Pennsylvania Florida and Arizona Madam President would have thanked them from her Oval Office In a new playbook for winning elections this book discusses how everyday passionate politicians can M O V E Make Our Votes Elect the President It is rare for a candidate to win the popular vote but lose the election It has only happened four other times in our nation's history However we're entering an era where winning the popular vote and losing the general election will occur more frequently Why Because most of the nation's key demographic transformations are occurring in states that matter the least to the electoral college process Each year around 40 million Americans or about 12% of the current U S population moves at least once Much of that movement involves younger people relocating within states that already heavily lean toward a certain political party What if they made a conscious decision to M O V E to a battleground state Well our votes would be equal the way we were created Industrial Directory and Shippers' Guide New York Central Lines, 1921 **Buyers' Guide and Industrial Directory of Chicago** Chicago Association of Commerce and Industry, 1920 *Guide to the Microfilm Edition of Herstory Including Guides to Supplementary Sets I and II.* , 1992 **The Art of Railroading** Calvin Franklin
